

Do you boat, sail,
paddle, row, or
cruise along the
Saugatuck River?

We need to hear
from you!

The Connecticut Department of Transportation invites you to take a survey on your waterway use of the Saugatuck River!

CTDOT is initiating a Navigation Study of the Saugatuck River. The purpose of the study is to better understand current and future vessel use, navigation practices, and considerations important to navigation along the Saugatuck River.

The future of waterway use is being planned now!

Your input will be used to inform navigation needs of the Saugatuck River and guide future transportation project planning efforts that **continue to provide safe access and enjoyable use of the river.**

**PLEASE TAKE
THIS SURVEY!**

Your feedback will be **critical** in shaping future infrastructure plans.

Access the survey by scanning the code or go to:
