Subject: RE: Notice of Scoping for Suffield Wildlife Management Area Prescribed Burn - Suffield
Date: Wednesday, December 22, 2021 12:47:00 PM

Hi Bill,

Thank you very much for pointing those things out. I will revise that map, and also during the public meeting will explain that the entrance is truly on Babbs Rd. Online mapping resources have trouble with road naming as they change over the state line (as you likely know)....and I've always just known it by the route name, so thank you. A few weeks back, I contacted Keith Morris to let him know that this notice was forthcoming, but did not hear back from him (I typically contact the town Conservation Commission's for this type of work), but I think it makes more sense to use you as a point of contact going forward, if that's OK. Our Western District Fire Control officer Amy Burgess will be in direct contact with the fire chief regarding these burns, and I will keep you posted with any other developments moving forward.

Thank you,
Tanner

Good Morning Tanner,

I receive the Environmental Monitor Notice emails and saw the notice for the planned burn here in Suffield. I'm not sure how critical this is but the address used to identify the property is listed as 510 Point Grove Road, West Suffield. However, Point Grove Road is only in Southwick, MA. When you cross over into CT the road becomes Babb's Road and I believe the entrance to the property in CT is from Babb's Road. Lastly, the map shown [here](#) incorrectly labels Babb's Road as Point Grove Road as well. I don't know if others will find this confusing so I figured I would reach out. Please contact me if you have any questions.

Thanks,

Bill Hawkins, AICP
