EMERGENCY RESPONSE & SPILL PREVENTION

List of Registrants Approved for General Permit to Employ a Permitted Environmental Professional to Oversee Cleanup Activities of Releases for Which the Permitted Entity is the Responsible Party and for Certain Tank Removal Companies to Oversee Cleanup of Releases from Residential Underground Heating Oil Storage Tank Systems

Below is a list of entities and associated Permitted Environmental Professionals ("PEPs") approved for registration under the General Permit to Employ a Permitted Environmental Professional to Oversee Cleanup Activities of Releases for Which the Permitted Entity is the Responsible Party and for Certain Tank Removal Companies to Oversee Cleanup of Releases from Residential Underground Heating Oil Storage Tank Systems. This list is intended to be updated upon DEEP's receipt of complete registration applications.

This list is not intended to identify any PEP associated with an existing spill cleanup contractor permit.
