

**STATE OF CONNECTICUT  
DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**STATE OF CONNECTICUT**

**V.**

**MURDOCK ASBESTOS & DELEADING, INC.**

Consent Order# WSWDS10015

Date Issued: September 30, 2010

A. With the agreement of Murdock Asbestos & DeLeading, Inc., ("Respondent"), the Commissioner of Environmental Protection ("Commissioner") finds:

1. Respondent is a Connecticut corporation located at 230 East Main Street, Branford, Connecticut that is in the asbestos and lead abatement removal business. Glenn J. Murdock is the President of Murdock Asbestos & DeLeading, Inc and also the owner of property located at 41 High Street, West Haven, Connecticut, shown on Map No. 60, Block 173, in the City of West Haven Assessor's Office and is more fully described in a deed that is recorded on Page 197 of Volume 1033 in the City of West Haven land records ("the site").
2. Based on an inspection conducted at the site by the Department of Environmental Protection's Emergency Response and Spill Prevention Division on January 21, 2010, and subsequent file review, Respondent failed to:
  - a) Obtain a permit to build, establish, or alter a solid waste facility in which more than ten (10) cubic yards of solid waste, generated elsewhere was stored for transfer after July 1, 1971 as required by Sections 22a-209-4 and 22a-209-9 of the Regulations of Connecticut State Agencies ("RCSA") and Sections 22a-208a(b) and 22a-208c of the Connecticut General Statutes ("CGS"). Specifically, the Department found that Respondent was storing at the site, greater than ten (10) cubic yards of bagged asbestos waste in two (2) forty-eight foot (48') truck trailers, two (2) box trucks, a thirty (30) cubic yard roll-off container, and inside the building at the vicinity of the garage doors. Asbestos, not bagged, was also stored in several fifty-five (55) gallon drums.
  - b) Store asbestos waste in containers labeled in large legible letters as follows: "CONTAINS ASBESTOS-AVOID OPENING OR BREAKING CONTAINER-BREATHING ASBESTOS IS HAZARDOUS TO YOUR HEALTH" as required by Section 22a-209-8(i)(2)(B) of the RCSA. Specifically, the DEP found that Respondent was storing bagged asbestos waste, unlabeled in two (2) forty-eight foot (48') truck trailers, two (2) box trucks, a thirty (30) cubic yard roll-off container, and inside the building at the vicinity of the garage doors. Asbestos, not bagged, was also stored in several fifty-five (55) gallon drums.

3. On February 4, 2010, the Department of Environmental Protection (“DEP”) issued Notice of Violation No. WSWDS10015 to Respondent to correct the violations listed in subparagraphs A.2.a. and A.2.b. of this consent order.
  4. Based on documentation and the signed compliance statement submitted by Respondent received by DEP on March 18, 2010 and May 4, 2010, Respondent represented that they corrected the violations alleged in paragraphs A.2.a. and A.2.b.
  5. By virtue of the above, Respondent has violated Connecticut General Statutes (CGS) Sections 22a-208a(b) and 22a-208c and the Regulations of Connecticut State Agencies (RCSA) Sections 22a-209-4 and 22a-209-9.
  6. By agreeing to the issuance of this consent order, Respondent makes no admission of fact or law with respect to the matters addressed herein, other than the facts asserted in paragraph A.1. of this consent order.
- B. With the agreement of Respondent, the Commissioner, acting under Sections §22a-6, §22a-208, and §22a-225, of the Connecticut General Statutes, orders Respondent as follows:
1. Respondent shall not conduct solid waste activities requiring a permit at the site without first obtaining such a permit from the Commissioner.
  2. Progress reports. On or before the last day of September, December, March, and June following the issuance of this consent order, and continuing until actions required by this consent order have been completed as approved and to the satisfaction of the Commissioner, Respondent shall submit a progress report to the Commissioner describing the actions which Respondent has taken to comply with this consent order to date.
  3. Future Compliance Plan including Recycling.
    - a. Within sixty (60) days after the issuance of this consent order, Respondent shall submit to the Commissioner, for review and written approval, a plan which details the actions and/or operational changes to ensure future compliance with the Solid Waste Management Regulations, RCSA section 22a-209, et. seq., including but not limited to those set forth in paragraphs A.2 of this consent order.
    - b. Respondent shall conduct a comprehensive recycling review of its operations at 230 East Main Street, Branford, Connecticut and 41 High Street, West Haven, Connecticut to evaluate compliance with Connecticut’s recycling laws set forth in CGS section 22a-241b(c). On or before ninety (90) days after the date of issuance of this consent order, Respondent shall submit for the Commissioner’s review and written approval a business recycling profile documenting the management of recyclable materials. An example profile is included as Attachment A to this consent order.

5. Status of Notice of Violation No. WSWDS10015. This consent order supersedes Notice of Violation No. WSWDS10015 issued on February 4, 2010.
6. Civil penalty. Respondent shall pay a civil penalty of seventeen thousand two hundred twenty (\$17,220<sup>00</sup>) dollars as the total civil penalty to be sought by the Commissioner for those, and only those, violations specified in paragraph A.2. of this consent order. The penalty shall be paid in four (4) separate installments as follows: The first payment shall be in the amount of four thousand three hundred five dollars (\$4,305<sup>00</sup>) and shall be paid on or before **ninety (90)** days after issuance of this consent order. The second payment shall be in the amount of four thousand three hundred five dollars (\$4,305<sup>00</sup>) and shall be paid on or before **one hundred eighty (180) days** after issuance of this consent order. The third payment shall be in the amount of four thousand three hundred five dollars (\$4,305<sup>00</sup>) and shall be paid on or before **two hundred seventy (270) days** after issuance of this consent order. The fourth payment shall be in the amount of four thousand three hundred five dollars (\$4,305<sup>00</sup>) and shall be paid on or before **three hundred sixty (360) days** after issuance of this consent order.
7. Supplemental Environmental Project. In lieu of making the third and fourth civil penalty payments prescribed in paragraph B.6. above, Respondent may comply with the requirements of paragraph B.7.a. regarding supplemental environmental projects ("SEP").
  - a. Performance of SEP(s)
    - i. On or before thirty (30) days after the date of issuance of this consent order, Respondent shall submit for the Commissioner's review and written approval a proposal to perform one or more SEP's ("proposal"). The proposal shall include: a detailed description of each SEP; itemized costs to be incurred by Respondent in carrying out each SEP, documentation to support such cost estimates, an explanation as to why each SEP is being proposed, a proposed schedule for implementation and completion of each SEP, and a description of the benefit of each SEP to the general public or the environment. Respondent shall be credited up to eight thousand six hundred ten dollars (\$8,610<sup>00</sup>) to partially fund any SEPs.
    - ii. The Commissioner will either (a) approve the proposal, including in such approval the dollar amount of the penalty offset to be realized by the Respondent attributable to the SEP(s) and any additional conditions deemed necessary by the Commissioner; or (b) disapprove the proposal and notify Respondent, in writing, of deficiencies in the proposal and any additional actions or information required to be taken or supplied by the Respondent. The decision to approve or disapprove an SEP shall be in the sole discretion of the Commissioner.
    - iii. If the dollar amount of the penalty offset attributable to the approved SEP(s) is less than eight thousand six hundred ten dollars (\$8,610<sup>00</sup>),

Respondent shall pay the difference in accordance with a revised schedule established by the Commissioner.

- iv. If the Commissioner approves the Respondent's proposal and Respondent fails to perform any approved SEP within the timeframes specified in the proposal, a payment to the Statewide SEP Account in an amount equal to the amount credited to Respondent for the SEP under paragraph B.7.a.i. shall be due immediately upon notification by the Commissioner. In addition, a two thousand five hundred dollar (\$2,500<sup>00</sup>) penalty shall also be paid at this time for non-compliance with the approved proposal. This additional two thousand five hundred dollar (\$2,500<sup>00</sup>) penalty shall apply to each SEP which the Respondent fails to perform in accordance with the terms and conditions approved by the Commissioner. Any payment made pursuant to this subparagraph shall be made in accordance with paragraph B.8. of this consent order. Respondent shall not be given any credit or reduction in the civil penalty provided for by this paragraph if an SEP included in an approved proposal is not fully complied with.
- v. The net present after-tax value of the SEP(s) shall be equivalent to the sum(s) identified in this paragraph or Respondent shall submit certified documentation that no tax credits shall be obtained as a result of the SEP(s) performed under this paragraph.
- vi. If and when Respondent disseminates any publicity, including but not limited to any press releases regarding funding a SEP, Respondent shall include a statement that such funding is in partial settlement of an enforcement action brought by the Commissioner.
- vii. Respondent shall not claim or represent that any SEP payment made pursuant to this consent order constitutes an ordinary business expense or charitable contribution or any other type of tax deductible expense, and Respondent shall not seek or obtain any other tax benefit such as a tax credit as a result of the payment under this paragraph.
- viii. On or before thirty (30) days after completion of the SEP, Respondent shall submit for the Commissioner's review and written approval a comprehensive final report that certifies completion of the SEP. Such final report shall include, at a minimum, a narrative history of the project, detailed explanation of its design and implementation, summary of any data collected, complete final accounting of actual project costs including receipts for out-of-pocket costs, and a discussion of environmental benefits resulting from the SEP.
- ix. Should the Commissioner determine that the actual cost to the Respondent in completing an SEP is less than the estimated cost identified in the proposal approved by the Commissioner in accordance with paragraph

B.7.a.ii., Respondent shall pay the difference between such actual cost and estimated cost to the Commissioner as unexpended SEP funds. The Commissioner shall notify Respondent in writing of the amount of any such unexpended SEP funds which are due. Respondent shall, within fourteen (14) days after the date of such written notice, remit the full amount of the unexpended SEP funds. Payment of unexpended SEP funds shall be by certified or bank check payable to "Treasurer, State of Connecticut" and the check shall state on its face "Statewide SEP account." Any payment shall be made in accordance with paragraph B.8. of this consent order.

8. Payment of civil penalty. Payment of penalties under this consent order shall be mailed or personally delivered to the Department of Environmental Protection, Bureau of Financial and Support Services, Accounts Receivable Office, 79 Elm Street, Hartford, CT 06106-5127, and shall be by certified or bank check payable to "Treasurer, State of Connecticut." The check shall state on its face, "Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division civil penalty, consent order No. COWSWDS10015". A copy of the check and any transmittal letter shall also be sent to Julie Dutton in the Bureau of Materials Management and Compliance Assurance at the same address.
9. Sampling and sample analyses. All sampling and sample analyses which, are required by this consent order and all reporting of such sample analyses shall be conducted by a laboratory certified by the Connecticut Department of Public Health Services to conduct such sampling and analyses. All sampling and sample analyses performed under this consent order shall be performed in accordance with procedures specified or approved in writing by the Commissioner, or, if no such procedures have been specified or approved, in accordance with EPA document SW-846. Unless otherwise specified by the Commissioner in writing, the value of each parameter shall be reported to the maximum level of precision and accuracy specified in the applicable protocol, and if no such level is specified, to the maximum level of precision and accuracy possible.
10. Approvals. Respondent shall use best efforts to submit to the Commissioner all documents required by this consent order in a complete and approvable form. If the Commissioner notifies Respondent that any document or other action is deficient, and does not approve it with conditions or modifications, it is deemed disapproved, and Respondent shall correct the deficiencies and resubmit it within the time specified by the Commissioner or, if no time is specified by the Commissioner, within 30 days of the Commissioner's notice of deficiencies. In approving any document or other action under this consent order, the Commissioner may approve the document or other action as submitted or performed or with such conditions or modifications as the Commissioner deems necessary to carry out the purposes of this consent order. Nothing in this paragraph shall excuse noncompliance or delay.
11. Definitions. As used in this consent order, "Commissioner" means the Commissioner or a representative of the Commissioner.

12. Dates. The date of “issuance” of this consent order is the date the consent order is deposited in the U.S. mail or personally delivered, whichever is earlier. The date of submission to the Commissioner of any document required by this consent order shall be the date such document is received by the Commissioner. The date of any notice by the Commissioner under this consent order, including but not limited to notice of approval or disapproval of any document or other action, shall be the date such notice is deposited in the U.S. mail or is personally delivered, whichever is earlier. Except as otherwise specified in this consent order, the word “day” as used in this consent order means calendar day. Any document or action which is required by this consent order to be submitted or performed by a date which falls on a Saturday, Sunday or a Connecticut or federal holiday shall be submitted or performed by the next day which is not a Saturday, Sunday or Connecticut or federal holiday.
13. Certification of documents. Any document, including but not limited to any notice, which is required to be submitted to the Commissioner under this consent order shall be signed by Respondent or, if Respondent is not an individual, by Respondent’s chief executive officer or a duly authorized representative of such officer, as those terms are defined in §22a-430-3(b)(2) of the Regulations of Connecticut State Agencies, and by the individual(s) responsible for actually preparing such document, and each such individual shall certify in writing as follows:

“I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, that the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that any false statement made in the submitted information may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law.”
14. Noncompliance. This consent order is a final order of the Commissioner with respect to the matters addressed herein, and is nonappealable and immediately enforceable. Failure to comply with this consent order may subject Respondent to an injunction and penalties.
15. False statements. Any false statement in any information submitted pursuant to this consent order may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law.
16. Notice of transfer; liability of Respondent. Until Respondent have fully complied with this consent order, Respondent shall notify the Commissioner in writing no later than 15 days after transferring all or any portion of the facility, the operations, the site or the business which is the subject of this consent order or after obtaining a new mailing or location address. Respondent’s obligations under this Consent Order shall not be affected by the passage of title to any property to any other person or municipality.
17. Commissioner's powers. Except as provided hereinabove with respect to payment of civil penalties, nothing in this consent order shall affect the Commissioner's authority to institute

any proceeding or take any other action to prevent or abate violations of law, prevent or abate pollution, recover costs and natural resource damages, and to impose penalties for past, present, or future violations of law. If at any time the Commissioner determines that the actions taken by Respondent pursuant to this consent order have not successfully corrected all violations, fully characterized the extent or degree of any pollution, or successfully abated or prevented pollution, the Commissioner may institute any proceeding to require Respondent to undertake further investigation or further action to prevent or abate violations or pollution.

18. Respondent's obligations under law. Nothing in this consent order shall relieve Respondents of other obligations under applicable federal, state and local law.
19. No assurance by Commissioner. No provision of this consent order and no action or inaction by the Commissioner shall be construed to constitute an assurance by the Commissioner that the actions taken by Respondent pursuant to this consent order will result in compliance or prevent or abate pollution.
20. Access to site. Any representative of the Department of Environmental Protection may enter the site without prior notice for the purposes of monitoring and enforcing the actions required or allowed by this consent order.
21. No effect on rights of other persons. This consent order neither creates nor affects any rights of persons or municipalities that are not parties to this consent order.
22. Notice to Commissioner of changes. Within 15 days of the date Respondent become aware of a change in any information submitted to the Commissioner under this consent order, or that any such information was inaccurate or misleading or that any relevant information was omitted, Respondent shall submit the correct or omitted information to the Commissioner.
23. Notification of noncompliance. In the event that Respondent become aware that it did not or may not comply, or did not or may not comply on time, with any requirement of this consent order or of any document required hereunder, Respondent shall immediately notify by telephone the individual identified in the next paragraph and shall take all reasonable steps to ensure that any noncompliance or delay is avoided or, if unavoidable, is minimized to the greatest extent possible. Within five (5) days of the initial notice, Respondent shall submit in writing the date, time, and duration of the noncompliance and the reasons for the noncompliance or delay and propose, for the review and written approval of the Commissioner, dates by which compliance will be achieved, and Respondent shall comply with any dates which may be approved in writing by the Commissioner. Notification by Respondent shall not excuse noncompliance or delay, and the Commissioner's approval of any compliance dates proposed shall not excuse noncompliance or delay unless specifically so stated by the Commissioner in writing.
24. Submission of documents. Any document required to be submitted to the Commissioner under this consent order shall, unless otherwise specified in this consent order or in writing by the Commissioner, be directed to:

Eugene MacGillis, Environmental Analyst  
Department of Environmental Protection  
Bureau of Materials Management and Compliance Assurance  
Waste Engineering and Enforcement Division  
79 Elm Street  
Hartford, Connecticut 06106-5127

Respondent consents to the issuance of this consent order without further notice. The undersigned certifies that he/she is fully authorized to enter into this consent order and to legally bind the Respondent to the terms and conditions of the consent order.

Business Recycling Profile Form

# Business Recycling Profile

CT DEP, Bureau of Materials Management & Compliance Assurance

In Connecticut recycling is mandatory. Connecticut General Statutes and the Regulations of Connecticut State Agencies require designated items to be recycled by **everyone**. Every resident, business, government facility, school, college, hospital, institution, etc. is required *by law* to recycle glass & metal food and beverage containers, corrugated cardboard, newspaper, white office paper (except from a residential property), scrap metal, Ni-Cd rechargeable batteries, used crankcase oil, lead acid batteries, leaves and grass clippings.

Recycling these items is a critical action we can all take to move the State towards achieving our recycling rate of 58% by 2024 as stated in the amended December 2006 CT State Solid Waste Management Plan. Complying with the state recycling laws has tremendous environmental benefits such as conserving natural resources, reducing pollutants emitted to our air and water; conserving energy, reducing greenhouse gas emissions, and eliminating the need for new solid waste disposal facilities.

This form is a guidance document to help businesses better manage their recycling program and increase recovery efforts. This form does not need to be submitted to DEP unless it is requested, in response to an inspection and/or an enforcement action. For more recycling resources please visit our Business Recycling Resources webpage.

## All Businesses Are Required to Recycle:

**High Grade White Office Paper (HGWOP)** White copy paper, computer paper, office stationery, memo paper, etc.

**Old Corrugated Cardboard (OCC)** Old or discarded corrugated boxes - *Not waxed*

**Old Newspaper (ONP)** Used or discarded newspapers

**Glass & Metal Food and Beverage Containers** (including 5¢ deposit containers)

**Leaves** Foliage which has fallen from trees must be recycled

**Used Crankcase Oil** Used crankcase oil from internal combustion engines

**Lead Acid Storage Batteries** Used batteries from cars, airplanes, boats, tractors, etc.

**Scrap Metal** Used or discarded items which consist predominantly of metals such as iron, aluminum, brass, copper, lead, chromium, tin, nickel, etc. or alloys of these metals, including but not limited to appliances.

**Rechargeable Batteries** Nickel-cadmium (NiCd) rechargeable batteries, both those contained within appliances and those sold individually are required to be recycled after they no longer are usable.

**Grass Clippings** Best practice is to recycle grass by leaving grass clippings on the lawn.

In addition to the state mandated recyclables listed above, check your **local ordinances** to learn about additional materials your business may be required to recycle including plastic bottles.

**58% by 2024**
