TOWN OF WESTON

CONSENT ORDER

- A. With the agreement of the Town of Weston ("Respondent"), the Commissioner of Environmental Protection finds:
1. Respondent is a municipality which discharges stormwater from a municipal separate storm sewer system in Connecticut ("stormwater discharge").
 2. Since January 9, 2004, Respondent's stormwater discharge from a municipal separate storm sewer system is covered under the General Permit for the Discharge of Stormwater from Small Municipal Separate Storm Sewer Systems ("MS4 Permit") issued on January 9, 2004 under §22a-430b of the Connecticut General Statutes. Respondent's Permit Number is GSM000106.
 3. Respondent is required to monitor its stormwater discharges annually between January 1st and December 31st in accordance with Subsection 6(h) of the MS4 Permit and submit the results by January 1 of the subsequent year beginning on January 1, 2005. Respondent conducted partial stormwater monitoring but failed to submit the results in accordance with the MS4 Permit for the years 2004, 2005 and 2006. Respondent also failed to conduct stormwater monitoring for 2007 and 2008.
 4. Respondent was issued a Notice of Violation on or about September 29, 2006 for violations of the MS4 Permit and has not complied with said Notice.
 5. By virtue of the above, Respondent has violated a permit issued under §22a-430b of the Connecticut General Statutes.
- B. With the agreement of Respondent, the Commissioner, acting under §22a-6, §22a-424, §22a-425, §22a-428, §22a-430, §22a-430b, §22a-432 and §22a-438 of the Connecticut General Statutes, orders Respondent as follows:
1. On or before ninety (90) days after the date of issuance of this consent order, Respondent shall conduct and submit the results of one stormwater discharge monitoring event in accordance with Section 6 of the MS4 Permit.

2. Full compliance. Respondent shall not be considered in full compliance with this consent order until all actions required by this consent order have been completed as approved and to the Commissioner's satisfaction.
3. Penalty. Respondent agrees to the assessment of a civil penalty of **\$9,550** as the total civil penalty to be sought by the Commissioner for past violations described in paragraphs A.3. – A.5. of this consent order to be satisfied by the following:
 - a. Supplemental Environmental Project. Respondent has agreed to pay the entire amount of the penalty (**\$9,550**) to implement a Supplemental Environmental Project (SEP) or make payment(s) as follows:
 - i. On or before one year after the date of issuance of this consent order, Respondent shall complete a SEP consisting of the implementation of a watershed management plan for Toth Park on the Aspetuck River in Easton as described in a proposal from Sally Harold of the Nature Conservancy's Saugatuck River Watershed Partnership to Chris Stone, CTDEP dated May 4, 2010. The cost of such SEP shall be at least \$9,550.
 - ii. If Respondent fails to fund the SEP in accordance with paragraph B.3.a.i. above, Respondent shall, instead of funding such SEP, immediately pay a civil penalty in the amount of **\$9,550 plus \$2,500** into the DEP Supplemental Environmental Project (SEP) Account for Small Municipal (MS4) Programs. Such payment shall be mailed or personally delivered to the Department of Environmental Protection, Bureau of Financial and Support Services, Accounts Receivable Office, 79 Elm Street, Hartford, CT 06106-5127, and shall be by certified or bank check payable to "Treasurer, State of Connecticut", with notation thereon "Small Municipal (MS4) Program, SEP Account No. DEPA00003087007" and shall include the consent order number (starting with "WC") from the final consent order.
 - iii. If and when Respondent disseminates any publicity, including but not limited to any press releases regarding funding a SEP, Respondent shall include a statement that such funding is in partial settlement of an enforcement action brought by the Commissioner.
 - iv. Respondent shall not claim or represent that any SEP payment made pursuant to this consent order constitutes an ordinary business expense or charitable contribution or any other type of tax deductible expense, and Respondent shall not seek or obtain any other tax benefit such as a tax credit as a result of the payment under this paragraph.
4. Sampling and sample analyses. All sample analyses which are required by this consent order and all reporting of such sample analyses shall be conducted by a laboratory certified by the Connecticut Department of Public Health to conduct such analyses. All sampling and sample analyses performed under this order shall be performed in accordance with the MS4 permit or with procedures specified or approved in writing by the Commissioner. Unless otherwise specified by the Commissioner in writing, the value

of each parameter shall be reported to the maximum level of precision and accuracy specified in the applicable protocol, and if no such level is specified, to the maximum level of precision and accuracy possible.

5. Approvals. Respondent shall use best efforts to submit to the Commissioner all documents required by this consent order in a complete and approvable form. If the Commissioner notifies Respondent that any document or other action is deficient, and does not approve it with conditions or modifications, it is deemed disapproved, and Respondent shall correct the deficiencies and resubmit it within the time specified by the Commissioner or, if no time is specified by the Commissioner, within 30 days of the Commissioner's notice of deficiencies. In approving any document or other action under this consent order, the Commissioner may approve the document or other action as submitted or performed or with such conditions or modifications as the Commissioner deems necessary to carry out the purposes of this consent order.
