

STATE OF CONNECTICUT

V.

CENTRAL TRANSPORT LLC

CONSENT ORDER # WSWDH 16006

Date Issued: November 1, 2016

- A. With the agreement of Central Transport, LLC ("Respondent"), the Commissioner of Energy and Environmental Protection ("the Commissioner") finds:
1. Respondent is a nationwide commercial transportation company whose headquarters is located in Warren, Michigan. The company provides dock-to-dock freight transport.
 2. Respondent is also a limited liability company in Connecticut that operates a terminal at 220 East Johnson Avenue, Cheshire, Connecticut 06410 (the "site"). The Cheshire terminal consists of a 32-bay garage/office building.
 3. The Respondent is or has been a generator of hazardous waste at the site.
 4. Staff from the Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division ("WEED") conducted an inspection at the site on November 16, 2012 and December 10, 2012. Based upon the inspections, WEED found that the Respondent:
 - a. **Stored hazardous waste on site for greater than 90 days without having obtained a permit for such storage**, as required by the Regulations of Connecticut State Agencies ("RCSA") Section 22a-449(c)-102(a)(2)(L) incorporating Title 40 of the Code of Federal Regulations ("40 CFR") 262.34(b), with specified changes. Specifically, from May 4th through at least November 16, 2012, Respondent stored two roll off dumpsters containing more than 1,000 kg of hazardous chromium trioxide-contaminated soil on site, thus operating as a large quantity generator ("LQG") of hazardous waste for more than 90 days.
 - b. **Failed to conduct inspections of containers of hazardous waste**, as required by RCSA Section 22a-449(c)-102(b)(2), incorporating 40 CFR 262.15(a) and RCSA Section 22a-449-102(a)(1), incorporating 40 CFR 262.34(a)(1)(i) and 265.174. Specifically, Respondent did not conduct inspections of the two roll off dumpsters, containing more than 1,000 kg of hazardous of hazardous chromium trioxide- contaminated soil and stored on site. LQGs of hazardous waste are required to inspect containers at least weekly.
 - c. **Failed to mark containers with words identifying the contents of such containers, such as the chemical name**, as required by RCSA Section 22a-449(c)-102(a)(2)(J), incorporating 40 CFR 262.34(a), with specified changes. Specifically, the two roll off dumpsters described above were not marked with any words identifying its contents.
 - d. **Failed to mark containers of hazardous waste with the date upon which accumulation began**, as required by RCSA Section 22a-449(c)-102(a)(1), incorporating 40 CFR 262.34(a)(2). Specifically, the containers described above were not marked with the accumulation start date.

5. WEED conducted an inspection at the site on December 16, 2015. Based upon this inspection, WEED found that the Respondent:
 - a. **Stored hazardous waste on site for greater than 90 days without having obtained a permit for such storage**, as required by the RCSA Section 22a-449(c)-102(a)(2)(L) incorporating 40 CFR 262.34(b), with specified changes. Specifically, analytical results provided by Respondent's environmental consultant on September 27, 2013 indicated that the floor of box trailer no. 470402 showed hazardous levels of chromium.
 - b. **Failed to take remedial action necessary following an inspection where a hazard is imminent or already occurred**, as required by RCSA section 22a-449(c)-102(b)(2) which incorporates by reference 40 CFR 265.15(c). Specifically, the floor of box trailer no. 470402 showed hazardous levels of chromium, and was required to be properly remediated and disposed.
 - c. **Failed to prepare a manifest prior to transporting (or offering to transporters) hazardous waste for off-site treatment, storage, or disposal** as required by Section 22a-449(c)-102(a)(1) of the RCSA, which incorporates 40 CFR 262.20. Specifically, box trailer no. 470402 contained flooring that was hazardous for chromium. Respondent sold the trailer to National Trailer, who later sold the box trailer to SIMS Metal Management, in North Haven, CT. SIMS Metal Management did not have a permit to store or treat hazardous waste.
 - d. **Failed to send one-time notice to landfill with a Land Disposal Restriction Form**, as required by 40 CFR 268.7(b) that accompanies manifested shipment. Specifically, vehicle shredder waste from the treatment of box trailer no. 470402 was disposed at a RCRA Subtitle D landfill without notice. The RCRA Subtitle D landfill was not permitted to receive hazardous waste.
 6. By virtue of the above, the Respondent has violated RCSA Sections 22a-449(c)-102 through 22a-449(c)-113.
 7. By agreeing to the issuance of this consent order, Respondent makes no admission of fact or law with respect to the facts asserted in paragraphs A.4. and A.5. inclusive.
 8. On January 7, 2013 DEEP issued Notice of Violation No. WSWDH13003 to the Respondent to correct the violations corresponding to those cited in Paragraph A.4.
 9. In correspondence received on March 27th, May 2nd and May 7, 2013, Respondent represented that violations corresponding to those listed in paragraphs A.4.a. through A.4.d. of the consent order had been resolved. However, the additional comment addressing the hazardous waste determination on the floor of the box trailer remained outstanding.
 10. On May 24, 2016 WEED issued Notice of Violation No. WSWDH16013 to the Respondent to correct the violations corresponding to those cited in subparagraphs A.5.a. and A.5.b. In addition, since the issuance of the Notice, WEED became aware of two new violations on July 21, 2016 and August 1, 2016, identified in paragraphs A.5.c. and A.5.d of the consent order.
 11. In correspondences received on July 21st, July 29th, and August 26, 2016, Respondent represented that violations corresponding to those listed in paragraphs A.5.a. through A.5.d. of the consent order had been resolved.
- B. With the agreement of Respondent, the Commissioner, acting under Sections 22a-6, 22a-131, and 22a-449 of the Connecticut General Statutes ("CGS"), orders Respondent as follows:

1. Respondent shall maintain its compliance with all applicable provisions of the Regulations of Connecticut State Agencies Sections 22a-449(c)-100, *et. seq.*, including but not limited to those regulations applicable to generators of hazardous waste identified in Paragraphs A.4. and A.5. above in accordance with the following schedule:
 - a. On or before **thirty (30) days** after issuance of this consent order, Respondent shall conduct a comprehensive recycling review of the facility (terminals in Connecticut) to evaluate compliance with Connecticut's recycling laws set forth in CGS Section 22a-241b(d), and shall submit for the Commissioner's review and written approval a Business Recycling Profile documenting the management of recyclable materials at each facility. Refer to the enclosed Business Recycling Profile (Attachment A).
 - b. On or before **thirty (30) days** after issuance of this consent order, Respondent shall submit for the Commissioner's review and written approval, a Future Compliance Plan detailing additional actions and/or operational changes it has undertaken or will undertake to ensure compliance with Connecticut's hazardous waste management regulations RCSA Section 22a-449(c)-100, *et. seq.*, including, but not limited to, those set forth in Paragraph A.4. and A.5. of this consent order. Within **five (5) days** after the Commissioner approves such plan, Respondent shall carry out the plan and maintain it in full effect thereafter.
2. Full compliance. Respondent shall not be considered in full compliance with this consent order until all actions required by this consent order have been completed as approved and to the Commissioner's satisfaction.
3. Status of Notice of Violations (NOVWSWDH13003 and NOVWSWDH16013). This consent order supersedes Notice of Violation No. WSWDH13003 and Notice of Violation No. WSWDH16013.
4. Civil penalty. On or before fourteen (14) days after issuance of the consent order, Respondent shall pay a penalty of **three thousand seven hundred dollars (3,700)** as the total civil penalty to be sought by the Commissioner for those, and only those, violations described in paragraph A.5. of this consent order.
5. Payment of penalties. Payment of penalties under this consent order shall be mailed or personally delivered to the Department of Energy and Environmental Protection, Bureau of Financial and Support Services, Accounts Receivable Office, 79 Elm Street, Hartford, CT 06106-5127, and shall be by certified or bank check payable to the "Connecticut Department of Energy and Environmental Protection". The check shall state on its face, "Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division civil penalty", and the consent number identified on the first page of this consent order. A copy of the check and any transmittal letter shall also be sent to Ms. Julie Dutton, Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division at the same address.
6. Approvals. Respondent shall use best efforts to submit to the Commissioner all documents required by this consent order in a complete and approvable form. If the Commissioner notifies Respondent that any document or other action is deficient, and does not approve it with conditions or modifications, it is deemed disapproved, and Respondent shall correct the deficiencies and resubmit it within the time specified by the Commissioner or, if no time is specified by the Commissioner, within thirty (30) days of the Commissioner's notice of deficiencies. In approving any document or other action under this consent order, the Commissioner may approve the document or other action as submitted or performed or with such conditions or modifications as the Commissioner deems necessary to carry out the purposes of this consent order. Nothing in this paragraph shall excuse noncompliance or delay.

7. Definitions. As used in this consent order, "Commissioner" means the Commissioner or a representative of the Commissioner.
8. Dates. The date of "issuance" of this consent order is the date the consent order is deposited in the U.S. mail or personally delivered, whichever is earlier. The date of submission to the Commissioner of any document required by this consent order shall be the date such document is received by the Commissioner. The date of any notice by the Commissioner under this consent order, including but not limited to notice of approval or disapproval of any document or other action, shall be the date such notice is deposited in the U.S. mail or is personally delivered, whichever is earlier. Except as otherwise specified in this consent order, the word "day" as used in this consent order means calendar day. Any document or action which is required by this consent order to be submitted or performed by a date which falls on a Saturday, Sunday or a Connecticut or federal holiday shall be submitted or performed by the next day which is not a Saturday, Sunday or Connecticut or federal holiday.
9. Certification of documents. Any document, including but not limited to any notice, which is required to be submitted to the Commissioner under this consent order shall be signed by Respondent or, if Respondent is not an individual, by Respondent's chief executive officer or a duly authorized representative of such officer, as those terms are defined in §22a-430-3(b)(2) of the Regulations of Connecticut State Agencies, and by the individual(s) responsible for actually preparing such document, and each such individual shall certify in writing as follows:

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, that the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that any false statement made in the submitted information may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law."
10. Noncompliance. This consent order is a final order of the Commissioner with respect to the matters addressed herein, and is nonappealable and immediately enforceable. Failure to comply with this consent order may subject Respondent to an injunction and penalties.
11. False statements. Any false statement in any information submitted pursuant to this consent order may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law.
12. Notice of transfer; liability of Respondent. Until Respondent has fully complied with this consent order, Respondent shall notify the Commissioner in writing no later than fifteen (15) days after transferring all or any portion of the facility, the operations, the site or the business which is the subject of this consent order or after obtaining a new mailing or location address. Respondent's obligations under this consent order shall not be affected by the passage of title to any property to any other person or municipality.
13. Commissioner's powers. Except as provided hereinabove with respect to payment of civil penalties pursuant to this consent order, nothing in this consent order shall affect the Commissioner's authority to institute any proceeding or take any other action to prevent or abate violations of law, prevent or abate pollution, recover costs and natural resource damages, and to impose penalties for past, present, or future violations of law not otherwise addressed by this consent order. If at any time the Commissioner determines that the actions taken by Respondent pursuant to this consent order have not successfully corrected all violations, fully characterized the extent or degree of any pollution, or successfully abated or prevented pollution, the Commissioner may institute any proceeding to require Respondent to undertake further investigation or further action to prevent or abate violations or pollution.

14. Respondent's obligations under law. Nothing in this consent order shall relieve Respondent of other obligations under applicable federal, state and local law.
15. No assurance by Commissioner. No provision of this consent order and no action or inaction by the Commissioner shall be construed to constitute an assurance by the Commissioner that the actions taken by Respondent pursuant to this consent order will result in compliance or prevent or abate pollution.
16. Access to site. Any representative of the Department of Energy and Environmental Protection may enter the site without prior notice for the purposes of monitoring and enforcing the actions required or allowed by this consent order.
17. No effect on rights of other persons. This consent order neither creates nor affects any rights of persons or municipalities that are not parties to this consent order.
18. Notice to Commissioner of changes. Within **fifteen (15) days** of the date Respondent becomes aware of a change in any information submitted to the Commissioner under this consent order, or that any such information was inaccurate or misleading or that any relevant information was omitted, Respondent shall submit the correct or omitted information to the Commissioner.
19. Notification of noncompliance. In the event that Respondent becomes aware that it did not or may not comply, or did not or may not comply on time, with any requirement of this consent order or of any document required hereunder, Respondent shall immediately notify by telephone the individual identified in the next paragraph and shall take all reasonable steps to ensure that any noncompliance or delay is avoided or, if unavoidable, is minimized to the greatest extent possible. Within five (5) days of the initial notice, Respondent shall submit in writing the date, time, and duration of the noncompliance and the reasons for the noncompliance or delay and propose, for the review and written approval of the Commissioner, dates by which compliance will be achieved, and Respondent shall comply with any dates which may be approved in writing by the Commissioner. Notification by Respondent shall not excuse noncompliance or delay, and the Commissioner's approval of any compliance dates proposed shall not excuse noncompliance or delay unless specifically so stated by the Commissioner in writing.
20. Submission of documents. Any document required to be submitted to the Commissioner under this consent order shall, unless otherwise specified in this consent order or in writing by the Commissioner, be directed to:

Mr. Denver Dixon, Sanitary Engineer
Bureau of Materials Management and Compliance Assurance
Waste Engineering and Enforcement Division
Department of Energy and Environmental Protection
79 Elm Street
Hartford, Connecticut 06106-5127

This space intentionally left blank.

Respondent consents to the issuance of this consent order without further notice. The undersigned certifies that he/she is fully authorized to enter into this consent order and to legally bind the Respondent to the terms and conditions of the consent order.

Business Recycling Profile Form

Business Recycling Profile

In Connecticut, recycling is mandatory. Connecticut General Statutes and the Regulations of Connecticut State Agencies require designated items to be recycled by **everyone**. Every resident, business, government facility, school, college, hospital, institution, etc. is required by law to recycle glass & metal food and beverage containers, plastic containers #1 and #2, boxboard, corrugated cardboard, magazines, newspaper, white office paper, colored office paper, scrap metal, Ni-Cd rechargeable batteries, used crankcase oil, lead acid batteries, leaves and grass clippings.

Recycling these items is a critical action we can all take to move the State towards achieving our recycling rate of 60% by 2024 as stated in the 2016 Comprehensive Materials Management Strategy. Complying with the state recycling laws has tremendous environmental benefits such as conserving natural resources, reducing pollutants emitted to our air and water; conserving energy, reducing greenhouse gas emissions, and eliminating the need for new solid waste disposal facilities.

This form is a guidance document to help businesses better manage their recycling program and increase recovery efforts. This form does not need to be submitted to the Connecticut Department of Energy and Environmental Protection (DEEP) unless it is requested, in response to an inspection and/or an enforcement action. For more recycling resources please visit our [Business Recycling Resources webpage](#).

Part I: Company Information

1. Company Name:
- Mailing Address:
- City/Town: State: Zip Code:
2. Recycling Contact:
Title:

All Businesses Are Required to Recycle:

<ul style="list-style-type: none"> • High Grade White Office Paper: White copy paper, computer paper, office stationery, memo paper, etc. • High Grade Colored Office Paper: Colored ledger or copy paper • Old Corrugated Cardboard: Old or discarded corrugated boxes – <i>Not waxed</i> • Boxboard: Including cereal boxes, tissue boxes, or chip board • Old Newspaper: Used or discarded newspapers • Magazines • Plastic containers #1 (PET) and #2 (HDPE): Bottles and containers • Glass & Metal Food and Beverage Containers (including 5¢ deposit containers) 	<ul style="list-style-type: none"> • Leaves: Foliage which has fallen from trees must be recycled • Grass Clippings: Best practice is to recycle grass by leaving grass clippings on the lawn. • Used Crankcase Oil: Used crankcase oil from internal combustion engines • Lead Acid Storage Batteries: Used batteries from cars, airplanes, boats, tractors, etc. • Scrap Metal: Used or discarded items which consist predominantly of metals such as iron, aluminum, brass, copper, lead, chromium, tin, nickel, etc. or alloys of these metals, including but not limited to appliances. • Rechargeable Batteries: Nickel-cadmium (NiCd) rechargeable batteries, both those contained within appliances and those sold individually are required to be recycled after they no longer are usable.
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

In addition to the state mandated recyclables listed above, check your local ordinances to learn about additional materials your business may be required to recycle. **60% by 2024**

Part III: Company's Current Recycling & Recovery Efforts

Please use the table below to describe your company's current recycling program. Attachments of photos or other documents are also accepted if you are requested to submit this form.

RECYCLABLE MATERIAL	AVG WEIGHT (indicate tons or pounds) COLLECTED FOR RECYCLING EACH MONTH (if you do not have weight data enter the number and size of containers and collection frequency)	HOW & WHERE MATERIAL IS COLLECTED	WHO PICKS-UP MATERIAL AND WHERE IS THE MATERIAL TAKEN FOR RECYCLING
EXAMPLE: OFFICE PAPER (White and other paper combined)	One 40-gallon wheeled cart/week	Everyone collects at their desk, brought to central location (large wheeled cart near elevators). Janitor brings to loading dock when it is full (about once a week)	Our current trash hauler, (NAME) empties our paper recycling wheeled cart 2x/month (we call them as-needed) and material is taken to a permitted recycling facility (PERMITTEE NAME) in (TOWN).
Office paper (white paper)**			
Office paper (colored paper)**			
Newspaper**			
Other paper or mixed paper (please list types here)			

** Mandatory item that everyone is required to recycle in Connecticut.

Part III: Company's Current Recycling & Recovery Efforts (continued)

RECYCLABLE MATERIAL	AVG WEIGHT COLLECTED FOR RECYCLING EACH MONTH (Indicate tons or pounds) (if you don't have weight data enter the number and size of containers and collection frequency)	HOW & WHERE MATERIAL IS COLLECTED	WHO PICKS UP MATERIAL AND WHERE IS THE MATERIAL TAKEN FOR RECYCLING
EXAMPLE: Old Corrugated Cardboard	We have a 4-yard dumpster behind our main warehouse. It's picked up twice a week.	Warehouse staff collect and flatten boxes as we go along. A small pile is created during a shift (we have 3 shifts/day). At the end of the shift, an employee removes the small pile and brings to dumpster outside.	Our current trash hauler, (NAME) empties cardboard dumpster on Mondays and brings it to a properly permitted facility (PERMITTEE NAME) in (TOWN) for recycling.
Corrugated cardboard**			
Boxboard**			
Magazines**			
Food and beverage containers (check all those collected for recycling) <input type="checkbox"/> Glass** <input type="checkbox"/> Metal** <input type="checkbox"/> Plastic 1&2** <input type="checkbox"/> Paper carton or (juice-type) box			
Other			

** Mandatory item that everyone is required to recycle in Connecticut

Part III: Company's Current Recycling & Recovery Efforts (continued)

<p>RECYCLABLE MATERIAL</p>	<p>AVG WEIGHT (indicate tons or pounds) COLLECTED FOR RECYCLING EACH MONTH (if you don't have weight data enter the number and size of containers and collection frequency)</p>	<p>HOW & WHERE MATERIAL IS COLLECTED</p>	<p>WHO PICKS-UP MATERIAL AND WHERE IS THE MATERIAL TAKEN FOR RECYCLING</p>
<p>EXAMPLE: Printer Toner cartridges</p>	<p>We have 8 printers in our offices and generally replace/recycle 1/month</p>	<p>Office manager returns all toner cartridges to Office Supply Store for a credit towards future office supplies</p>	<p>Use mailer envelopes that come with new toner. We mail them back to Office supply store (or they pick up with new deliveries).</p>
<p>Lead Acid Storage Batteries (car, truck, boat)**</p>			
<p>Rechargeable Batteries**</p>			
<p>Used Crankcase Oil**</p>			
<p>Scrap Metal**</p>			

** Mandatory item that everyone is required to recycle in Connecticut

Part III: Company's Current Recycling & Recovery Efforts (continued)

MATERIAL	AVG WEIGHT COLLECTED FOR RECYCLING EACH MONTH (indicate tons or pounds) (if you don't have weight data enter the number and size of containers and collection frequency)	HOW & WHERE MATERIAL IS COLLECTED	WHO PICKS-UP MATERIAL AND WHERE IS THE MATERIAL TAKEN FOR RECYCLING
EXAMPLE: Leaves and other yard debris	N/A	Our landscape company (NAME, TOWN) mows our lawns and maintains our entry garden. They remove all the materials (although grass clippings are left on the lawn).	Our landscape company (NAME) takes them away to a properly permitted recycling facility, (PERMITTEE NAME, LOCATION).
Leaves**			
Grass clippings**			
Brush, stumps and other yard debris			
Food waste			
Other			
Other			

** Mandatory item that everyone is required to recycle in Connecticut

Part IV: Company's Current Waste Reduction, Reuse And Other Recovery Programs

WASTE REDUCTION, REUSE AND OTHER RECOVERY PROGRAMS	PROJECT DESCRIPTION
EXAMPLE: Waste Reduction	Our cafeteria recently began using reusable trays and washing them instead of using Styrofoam trays which we were throwing away. We have also instituted a reusable mug program (providing a free mug to employees) to try and reduce the amount of coffee cup waste.
Waste Reduction	
Waste Reduction	
Other	
EXAMPLE: ReUse	Our company generates approximately 10 used Gaylord containers /week that we donate to Foodshare for their produce distribution program. We also donate over-stock and discontinued building supplies to the ReCONstruction Center in New Britain.
ReUse	
ReUse	
Other	
Other	

Part V: Recycling & Recovery Programs Planned

Please use the table below to describe future recycling efforts and how compliance with the mandatory items, if not already recovered for recycling, will be achieved.

IDEA / MATERIAL	ESTIMATED GENERATION RATE	HOW AND WHERE WILL THE MATERIAL BE COLLECTED?	WHO WILL PICK-UP THIS MATERIAL? FINAL/END MARKET?	WHEN WILL PROGRAM BE IMPLEMENTED?
<p>EXAMPLE: Food and Beverage containers (glass, metal and plastic)</p>	<p>25 gallons/month</p>	<p>Will place barrel in break room. Janitorial staff will empty and remove materials to a larger container on our loading dock.</p>	<p>There are a lot of 5¢ deposit containers. We're looking into having a local non-profit organization collect them for free and redeem the deposits.</p>	<p>We will start this program by August 8, 2008 (2 weeks from now).</p>
<p>EXAMPLE: 55 gallon drums</p>	<p>10/week</p>	<p>We generate 55 gallon drums, which contained non-hazardous substances. We stockpile them outside the plant until we have 50 drums.</p>	<p>Working with XYZ, a company that reconditions the drums. We've found this to be more cost effective than recycling them at this time.</p>	<p>We've already started collecting and expect our first pick up to be next week (June 5, 2008)</p>

Part V: Recycling & Recovery Programs Planned (continued)

IDEA / MATERIAL	ESTIMATED GENERATION RATE	HOW AND WHERE WILL THE MATERIAL BE COLLECTED?	WHO WILL PICK-UP THIS MATERIAL? FINAL/END MARKET?	WHEN WILL PROGRAM BE IMPLEMENTED?
EXAMPLE: 5 gallon buckets	15-30 buckets/month	We generate buckets (contained non-hazardous substances) and cannot use them. Will rinse and stack (with lids) off to side of loading dock.	We're trying to secure a connection with a local reuse center or distribute via materials exchange program.	We hope to start this program by the end of August 2008.

Reminder: This form is only required to be submitted when requested by DEEP.

When requested by DEEP, please include photos of your recycling bins and containers and any copies of recycling/waste contract. If you have additional pages or items to help explain/show successes in your waste recycling/recovery efforts, please attach those as well including brochures, flyers, employee educational materials, etc.

When requested by DEEP, please submit the completed form and all Supporting Documents to:
