5:30-7:00 pm

Description

Join the Connecticut Equity and Environmental Justice Advisory Council's Air & Transportation Subcommittee to learn about program updates to [CHEAPR: CT Hydrogen and Electric Automobile Purchase Rebate](#). This program provides purchase incentives to CT residents to be purchasing or leasing an eligible new or used EV or plug-in hybrid electric car. There are special rebates for income-qualified residents. This subcommittee has worked with DEEP's CHEAPR team in the past to increase outreach into EJ Communities. The CHEAPR staff are back to share more updates about the program and are looking to hear from you about how best to get this program information into your community.
