GREEN AND BLUE SPACES ESPACIOS VERDES Y AZULES

Fair Haven has limited safe and accessible blue and green spaces. Most of the ones that people access are contaminated. Some try to use the spaces for recreation while others use them for survival.

A SAFE PLACE? ¿UN LUGAR SEGURO?

What defines a safe place? A quiet neighborhood? Walkable spaces? A place with accessible resources? Fair Haven can offer these qualities but they are systematically placed in areas where not everyone can take advantage.
