REQUEST FOR QUALIFICATIONS (RFQ)

TITLE

DEEP Community Resource Hubs

OVERVIEW

The Department of Energy and Environmental Protection (“Department” or “DEEP”) is seeking proposals from qualified organizations to serve as Connecticut DEEP Community Resource Hubs (Hubs) within [environmental justice communities](#) in the state.

DEEP’s broad mission includes outdoor recreation, environmental conservation, environmental quality, and clean, reliable, affordable energy in Connecticut. The Department pursues this mission through a wide range of programs, many of which include specific focus on deploying funds or reducing environmental harms in environmental justice communities. The purpose of the Hubs will be to help connect DEEP programs and initiatives with communities that experience disproportionate environmental harms.

After identifying qualified organizations through this RFQ, the Department will enter a multi-year base contract with chosen Hubs to provide services such as: facilitating community engagement on DEEP program design and policy development; and education, marketing and outreach to increase enrollment and access to DEEP programs and funding. Services may be provided directly or through subcontract. Proposals should clearly identify which, if any, of the services and tasks (outlined below under Scope of Services) their proposal intends to subcontract out and identify any key subcontractors. Any award will be made through a Personal Service Agreement and will be subject to available funding.

Respondents may plan to rely on subcontractors to supply certain services, in which case they should identify subcontractors with whom they have relationships and/or would be able to work with to potentially deliver services included in the scope provided here. They also may work with key partners as a team, including a Connecticut regional entity (e.g., council of governments, regional planning agency, committees, or other entity representing Connecticut municipalities, such as the Neighborhood Revitalization Zones), not-for-profit organizations, community action agencies, tribal governments or private entities. DEEP will contract with only one lead entity (the Respondent) to provide services as a Hub, and the lead entity will be responsible for general supervision to coordinate and manage the activities of team members and subcontractors needed to deliver the scope of services described in this RFQ. Proposals should clearly indicate the specific area(s) for which the Respondent is offering service(s) directly, and identify which services will be performed by partner(s), if any.

STATEMENT OF PURPOSE

The purpose of this RFQ is to fairly and equitably determine the qualifications of potential respondents or teams of respondents to administer DEEP Community Resource Hubs, as described herein.

BACKGROUND

The State of Connecticut's DEEP is seeking to establish, within available funds, DEEP Community Resource Hubs in [environmental justice \(EJ\) communities](#) within the state. EJ communities are defined in Connecticut as either (1) a U.S. census block group with 30% or low income individuals with an income below 200% of the federal poverty level; or (2) a [distressed municipality](#), as defined in our partner agency's list of distressed municipalities. These EJ communities can range from urban neighborhoods to economically distressed rural communities. DEEP's [EJ website](#) provides more information about these communities, including a [searchable map](#).

EJ communities can experience outsized burdens such as elevated levels of air pollution, higher or unaffordable energy costs, more limited access to tree canopy cover and outdoor recreation assets, greater exposure to land and water contamination, and greater risk of certain climate change impacts. DEEP's commitment to environmental justice requires strengthening connections between DEEP programs and these communities, while recognizing that rural and urban EJ communities may have different needs and that programs may be more relevant to some areas than to others.

State statutes, regulations, and policies¹—as well as requirements tied to using federal funds and the federal [Justice40 targets](#)²—all require that DEEP incorporate environmental justice considerations directly into its work. As a result, many of DEEP’s programs are specifically designed to address disparities in environmental, economic, or other conditions experienced by EJ communities, especially those in rural and urban communities. Examples include but are not limited to the following:

Environmental Conservation

- **Open Space Watershed Acquisition (OSWA) and Urban Green and Community Gardens Grant Program (UGCG)** (CGA § 7-131d) provides state bond funding to buy and preserve open space and to improve existing open spaces such as urban green spaces and community gardens located in EJ communities. In recent years, the percentage of state bond funds allocated to EJ Communities through the UGCG program was less than 4% of the total OSWA funds awarded, far below the statutory cap of 20%. The Legislature clarified in 2024 that non-profit organizations may apply for UGCG funding directly.
- **Urban Forestry** DEEP’s [Urban Forestry program](#) administers several state and federally funded grant programs to support planning, tree planting and invasive plant management in urban areas. These grant programs are instrumental in achieving Connecticut’s statutory target (CGS § 23-8) to increase the tree canopy cover in EJ communities by 5% by 2040.
- **CT Recreational Trails Greenway Program** (CGS § 23-103) DEEP’s Recreational Trail Program provides funding to private nonprofit organizations, municipalities, state departments and tribal governments in support of trail projects including planning, design and construction of new trails, maintenance and restoration of existing trails, access to trails by persons with disabilities, purchase and lease of trail construction and maintenance equipment, acquisition of land or easements for a trail, or for trail corridors, operation of educational programs to promote safety and environmental protection as related to recreational trails.

Affordable, Clean Energy & Broadband Access

- **Energy Retrofits** (CGS § 8-240a) The Legislature established a pilot program, administered by DEEP, to finance qualifying energy retrofit projects in multi-family homes in EJ Communities or alliance districts.
- **Residential Energy Preparation Services (REPS)** (Special Act 21-15) REPS removes health and safety barriers to weatherization and it targets households who are eligible through Weatherization Assistance Program or Home Energy Solutions-Income Eligible programs, which are based on income-eligibility.
- **Broadband Grant Program** (CGS § 16-330c) DEEP’s broadband grant program supports the deployment of affordable and reliable broadband internet access across the state. Under this program, DEEP established the ConneCTed Communities Grant Program and the Broadband Equity, Access, and Deployment

¹ [DEEP’s own Environmental Equity Policy](#) charges DEEP with ensuring that no community experiences a disproportionate share of risk and consequences of environmental pollution or is denied equitable access to environmental benefits.

² Justice40 requires that “40 percent of the overall benefits of certain federal climate, clean energy, affordable and sustainable housing, and other investments flow to disadvantaged communities that are marginalized by underinvestment and overburdened by pollution.”

(BEAD) Program. ConneCTed Communities focuses on building out broadband access for low-income/multi-family and underserved communities.

- **Energy Efficiency** (CGS §16-245m) DEEP has oversight over a variety of energy efficiency initiatives, including the EnergizeCT program and various federally funded initiatives related to energy efficiency.
- **Sustainable, Transparent and Efficient Practices for Solar Development (STEPS)** (CGS § 31-53d) Provides guidance around solar siting for agricultural landowners, among others

Climate Resilience

- **DEEP Climate Resilience Fund (DCRF)** (CGS § 16-243y) The DCRF supports a range of climate resilience initiatives and is charged with ensuring that at least 40% of the funds support “vulnerable communities,” a term that is defined to include EJ communities. In the first round of DCRF funding, more than 90% of the funds went to 10 vulnerable communities; the Legislature added more funding for DCRF in 2024 and also established a climate resiliency revolving loan fund, with \$10 million in state bond funds, to make low-interest loans to municipalities and private entities for infrastructure repairs and resiliency projects after unplanned climate events.

Affordable, Clean Transportation

- **Connecticut Hydrogen and Electric Automobile Purchase Rebate ([CHEAPR])** (CGS § 22a-202) Through the CHEAPR program, DEEP provides rebates and vouchers, prioritizing EJ communities and low-income residents, for e-bikes and electric vehicles—including used ones—to up to 100 percent more than the standard rebate or voucher amount
- **Zero Emissions School Buses** (CGS §§ 22a-201d, 22a-201e) This program requires that by 2030, 100 percent of the school buses in environmental justice community school districts shall be zero-emission buses.

Clean Air, Water, and Land

- **Bottle Bill** (CGS §§ 22a-246c) Connecticut’s beverage container recycling program includes forgivable grants, administered by DEEP, for new or expanded beverage container redemption centers located in urban centers and EJ communities that lack one.

DEEP programs also administer federal funding that must comply with federal Justice40 and other federal equity requirements, including:

- Broadband Equity, Access, and Deployment Program (BEAD)
- Brownfield grant program
- Clean Water Fund (Encompasses all CWF programs)
- Climate Pollution Reduction Grant Implementation
- Environmental Justice Government to Government Program
- Grid Resilience State/Tribal Formula Grant Program
- Outdoor Recreation Legacy Partnership Program Round 7 (Bristol)
- Resilient Bridgeport Coastal Flood Defense System
- Small Air Quality Sensor Program Grant
- Solar for All

- Urban Forestry Equity Grants
- Weatherization Assistance Program

DEEP also has many initiatives, programs, and regulatory measures that could be developed with our community hubs. These activities include, for example:

- Development of cumulative impacts regulations to implement recent legislative changes to DEEP's environmental justice in permitting statute.
- Development of a comprehensive climate action plan (CCAP) as a part of the U.S. Environmental Protection Agency (EPA) Climate Pollution Reduction Grant (CPRG) program.
- Implementation of our community-based air quality monitoring goals. Executive Order 21-3 charged DEEP, in consultation with the Department of Public Health, with developing a community-based air quality monitoring program. DEEP is committed to local capacity building to pursue localized air quality monitoring projects, and increasing awareness about air monitoring data and evaluation. Parallel efforts are underway to utilize a mobile monitoring platform called Geospatial Measurement of Air Pollution or [GMAP](#), an innovative program designed to assure compliance.

To build on and more efficiently meet these targets threading throughout DEEP's work, the Community Resource Hubs will address several key challenges, needs and opportunities facing environmental justice communities most impacted by and vulnerable due to climate change and past histories of environmental stressors.

SCOPE OF SERVICES

DEEP Community Resource Hub(s) will deliver a range of services within an EJ community or EJ communities designed to strengthen connection between communities and DEEP policies, programs, services, and workforce opportunities. Hubs will facilitate communication, education, outreach, and engagement with EJ communities.

DEEP is seeking to establish Community Resource Hubs to provide the following services, either directly or by managing subcontracts with qualified partners. Selected hubs will serve as an extension of DEEP and will work closely with the Office of Equity and Environmental Justice. Additionally, staff across DEEP will be available to assist in providing targeted communication, on-demand technical assistance, and to engage with community members on program needs. Respondents may indicate in their application which services they can provide, based on past experience and effectiveness, and indicate potential subcontractors.

Potential services include, but are not limited to:

1. Facilitate Community Input on DEEP Policy and Program Design

- Facilitate discussions with DEEP staff and community leaders to identify policies and programs under development that are a priority for the community and DEEP.
- Develop a community engagement plan with community events to seek input on priority policy and program design. These events would be hosted with DEEP and engage local organizations and groups and community members.
 - Analyze needs, priorities, and opportunities of EJ community to be incorporated when DEEP is implementing or developing a program or initiative.
 - Conduct community-based research and analysis in order to provide guidance on DEEP policy or program design.

- c. **Examples:**

- 2. **Increase effective community access to state and federal grants and financial assistance programs overseen by DEEP**
 - a. Work with DEEP staff to identify funding opportunities where greater community access to grant-funded programs or purchase incentives are needed.
 - b. Identify barriers preventing community residents or organizations from accessing purchase incentives or grant-funded programs and develop and implement strategies to address those barriers (e.g., in-person technical assistance, computer and internet access, education and awareness).
 - c. In special cases, facilitate community partnerships through pre-grant project development or networking in order to apply for state and federal grant opportunities.
 - i. **Examples:**
 - 1. Hold funding application workshops to help community members or organizations access funding.
 - 2. Give DEEP feedback on designing equitable distribution of state-funded grant programs and federal-funded programs with Justice40 and other equity requirements.
- 3. **Facilitate education programs and informational awareness to initiatives aligned with DEEP’s mission**
 - a. **Examples**
 - i. Assist with capacity building to Increase community awareness about air monitoring data and evaluation including community-based air quality monitoring projects, other environmental monitoring programs such as spills.
 - b. Assist residents with information about low-income discount utility rates and how to participate in programs such as [EnergizeCT](#) that help save energy and lower energy bills.
 - i. Host clean energy workshops and provide assistance to access state incentives and financing programs for rooftop solar, battery energy storage systems, and safer, more energy efficient appliances.
 - ii. Connect residents with broadband internet programs that can improve existing internet service to ensure they receive modern upload and download speeds.
 - iii. Collaborate with local stakeholders to increase awareness around waste diversion and recycling programs.
- 4. **Facilitate community access to and participation in DEEP events and opportunities**
 - a. **Examples:**
 - i. Host a Connecticut Aquatic Resources Education (CARE) fishing program for local residents to learn how to fish.
 - ii. Facilitate “Ride and Drive” events to test out an electric vehicle (EV) and electric bike and learn about purchase incentives through [CHEAPR incentives](#).

- b. **Examples:**
 - i. This summer, DEEP collaborated with the Northwest Regional Workforce Investment Board to develop a Waterbury Work Team to train talented and motivated seasonal DEEP workers in a range of skills to enable them to go out and tackle critical projects in Connecticut state parks.

CONTRACT AWARDS/FUNDING

The award of any contract pursuant to this RFQ depends on the availability of funding to the Department for this initiative. At the time of issuance of this RFQ, the Department anticipates having funding available to fund approximately one to two Hubs, with no more than one in a given EJ community. Additional project-specific awards may be issued to selected respondents who have entered into a base funding agreement with DEEP resulting from this RFQ or to other qualified respondents of this RFQ, contingent on the availability of funding and DEEP’s program needs for the scope of services listed above.

Many of the programs described in the Statement of Purpose/Background section of this RFQ include funding for technical assistance, education, marketing and project origination services. The Community Resource Hub may receive two types of funding under a contract pursuant to this RFQ: base funding and program-specific funding. DEEP expects to allocate base funding to cover a portion of the respondent’s operational costs, which may include expenses related to staffing, equipment, occupancy, and other indirect costs required to maintain general operations and support a base level of services. The amount of base funding will be determined contingent on the scope of the services proposed through the Hub and the selected respondent’s organizational capacity. In addition to base funding, the Hub may also receive program-specific funding that will be tied to the specific services the Hub provides for a DEEP program or programs under the contract awarded. Respondents may subcontract, with DEEP’s consent, with a service partner to fully perform Hub objectives. Their program-specific funding may include costs associated with providing technical support, conducting community outreach, providing assistance with DEEP federal grant applications, and other agreed-upon tasks as detailed herein. The final award amounts will be negotiated with selected respondents and may reflect a combination of both base funding and program specific funding. As the need arises and depending on the availability of funding, DEEP may offer additional awards to Hubs under contract or other qualified respondents to this RFQ for both additional base and or project-specific services.

Following the submission date, the RFQ process will be considered closed.

Declaration of Confidential Information. Respondents are advised that all materials associated with this RFQ are subject to the terms of the Freedom of Information Act (FOIA), the Privacy Act, and all rules, regulations and interpretations resulting from them. If a Respondent deems that certain information required by this RFQ is confidential, the Respondent must label such information as CONFIDENTIAL prior to submission. In the Cover sheet of the proposal submission, the Respondent must reference where the information labeled CONFIDENTIAL is located in the proposal. *EXAMPLE: Section G.1.a.* For each subsection so referenced, the Respondent must provide a convincing explanation and rationale sufficient to justify an exemption of the information from release under the FOIA. The explanation and rationale must be stated in terms of (a) the prospective harm to the competitive position of the proposer that would result if the identified information were to be released and (b) the reasons why the information is legally exempt from release pursuant to C.G.S. § 1-210(b).

Conflict of Interest - Disclosure Statement. Respondents must include a disclosure statement concerning any current business relationships (within the last three (3) years) that pose a conflict of interest, as defined by C.G.S. § 1-85. A conflict of interest exists when a relationship exists between the proposer and a public official (including an elected official) or State employee that may interfere with fair competition or may be adverse to the interests of the State. The existence of a conflict of interest is not, in and of itself, evidence of wrongdoing. A conflict of interest may, however, become a legal matter if a Respondent tries to influence, or succeeds in influencing, the outcome of an official decision for their personal or corporate benefit. The Department will determine whether any disclosed conflict of interest poses a substantial advantage to the proposer over the competition, decreases the overall competitiveness of this procurement, or is not in the best interests of the State. In the absence of any conflict of interest, a proposer must affirm such in the disclosure statement. *Example: “[name of proposer] has no current business relationship (within the last three (3) years) that poses a conflict of interest, as defined by C.G.S. § 1-85.”*

MANDATORY PROVISIONS

A. Standard Contract Provisions - By submitting an application in response to this RFQ, a Respondent implicitly agrees to comply with the standard terms and conditions contained on pages 24 –33 in the sample PSA attached in Appendix 1.

B. ASSURANCES

By submitting a proposal in response to this RFQ, a Respondent implicitly gives the following assurances:

1. **Collusion.** The Respondent represents and warrants that it did not participate beyond providing general feedback in the conceptual stage of the RFQ development. The

Respondent further represents and warrants that no agent, representative, or employee of the State participated directly in the preparation of the Respondent's proposal. The Respondent also represents and warrants that the submitted proposal is in all respects fair and is made without collusion or fraud.

2. **State Officials and Employees.** The Respondent certifies that no elected or appointed official or employee of the State has or will benefit financially or materially from any contract resulting from this RFQ. The Department may terminate a resulting contract if it is determined that gratuities of any kind were either offered or received by any of the aforementioned officials or employees from the Respondent, contractor, or its agents or employees.
3. **Competitors.** The Respondent assures that the submitted proposal is not made in connection with any competing organization or competitor submitting a separate proposal in response to this RFQ. No attempt has been made, or will be made, by the Respondent to induce any other organization or competitor to submit, or not submit, a proposal for the purpose of restricting competition. The Respondent further assures that the proposed costs have been arrived at independently, without consultation, communication, or agreement with any other organization or competitor for the purpose of restricting competition. Nor has the Respondent knowingly disclosed the proposed costs on a prior basis, either directly or indirectly, to any other organization or competitor.
4. **Validity of Proposal.** The Respondent certifies that the proposal represents a valid and binding offer to provide services in accordance with the terms and provisions described in this RFQ and any amendments or attachments hereto. The proposal shall remain valid for a period of 180 days after the submission due date and may be extended beyond that time by mutual agreement. At its sole discretion, the Department may include the proposal, by reference or otherwise, into any contract with the successful proposer.
5. **Press Releases.** The Respondent agrees to obtain prior written consent and approval of the Department for press releases that relate in any manner to this RFQ or any resultant contract.

RIGHTS RESERVED TO THE STATE

By submitting a proposal in response to this RFQ, the Respondent implicitly accepts that the following rights are reserved to the State:

1. **Timing Sequence.** The timing and sequence of events associated with this RFQ shall ultimately be determined by the Department.
2. **Amending or Canceling RFQ.** DEEP reserves the right to amend or cancel this RFQ on any date and at any time, if it deems it to be necessary, appropriate, or otherwise in the best interests of the State.
3. **No Acceptable Proposals.** In the event that no acceptable proposals are submitted in response to this RFQ, DEEP may reopen the procurement process, if it is determined to be in the best interests of the State.
4. **Award and Rejection of Proposals.** DEEP reserves the right to award in part, to reject any and all proposals in whole or in part, for misrepresentation or if the proposal limits or modifies any of the terms, conditions, or specifications of this RFQ. DEEP may waive minor technical defects, irregularities, or omissions, if in its judgment the best

interests of the State will be served. The Department reserves the right to reject the proposal of any Respondent who submits a proposal after the submission date and time.

5. **Sole Property of the State.** All proposals submitted in response to this RFQ are to be the sole property of the State. Any product, whether acceptable or unacceptable, developed under a contract awarded as a result of this RFQ shall be the sole property of the State, unless stated otherwise in this RFQ or subsequent contract. The right to publish, distribute, or disseminate any and all information or reports, or part thereof, shall accrue to the State without recourse.
6. **Contract Negotiation.** DEEP reserves the right to negotiate or contract for all or any portion of the services contained in this RFQ. The Department further reserves the right to contract with one or more proposer for such services. After reviewing the scored criteria, DEEP may seek Best and Final Offers (BFO) on cost from Respondents. The Department may set parameters on any BFOs received.
7. **Clerical Errors in Award.** DEEP reserves the right to correct inaccurate awards resulting from its clerical errors. This may include, in extreme circumstances, revoking the awarding of a contract already made to an awardee and subsequently awarding the contract to another Respondent. Such action on the part of the State shall not constitute a breach of contract on the part of the State since the contract with the initial Respondent is deemed to be void *ab initio* and of no effect as if no contract ever existed between the State and the Respondent.
8. **Key Personnel.** When DEEP is the sole funder of a purchased service, the Department reserves the right to approve any additions, deletions, or changes in key personnel, with the exception of key personnel who have terminated employment. The Department also reserves the right to approve replacements for key personnel who have terminated employment. DEEP further reserves the right to require the removal and replacement of any of the Respondent's key personnel who do not perform adequately, regardless of whether they were previously approved by the Department.

STATUTORY AND REGULATORY COMPLIANCE

By submitting a proposal in response to this RFQ, the Respondent implicitly agrees to comply with all applicable State and federal laws and regulations, including, but not limited to, the following:

1. **Freedom of Information, C.G.S. § 1-210(b).** The Freedom of Information Act (FOIA) generally requires the disclosure of documents in the possession of the State upon request of any citizen, unless the content of the document falls within certain categories of exemption, as defined by C.G.S. § 1-210(b). Proposers are generally advised not to include in their proposals any confidential information. If the proposer indicates that certain documentation, as required by this RFP, is submitted in confidence, the State will endeavor to keep said information confidential to the extent permitted by law. The State has no obligation to initiate, prosecute, or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information pursuant to a FOIA request. The proposer has the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. While a proposer may claim an exemption to the State's FOIA, the final administrative authority to release or exempt any or all material so identified rests with the State. In no event shall the State or any of its employees have any liability for disclosure of documents or information in the possession of the State and which the

State or its employees believe(s) to be required pursuant to the FOIA or other requirements of law.

2. **Contract Compliance, C.G.S. § 4a-60 and Regulations of CT State Agencies § 46a-68j-21 thru 43, inclusive.** CT statutes and regulations impose certain obligations on State agencies (as well as contractors and subcontractors doing business with the State) to ensure that State agencies do not enter into contracts with organizations or businesses that discriminate against protected class persons.
3. **Consulting Agreements, C.G.S. § 4a-81.** Pursuant to C.G.S. § 4a-81, the successful contracting party shall certify that it has not entered into any consulting agreements in connection with this Contract, except for the agreements listed below. "Consulting agreement" means any written or oral agreement to retain the services, for a fee, of a consultant for the purposes of (A) providing counsel to a contractor, vendor, consultant or other entity seeking to conduct, or conducting, business with the State, (B) contacting, whether in writing or orally, any executive, judicial, or administrative office of the State, including any department, institution, bureau, board, commission, authority, official or employee for the purpose of solicitation, dispute resolution, introduction, requests for information, or (C) any other similar activity related to such contracts. "Consulting agreement" does not include any agreements entered into with a consultant who is registered under the provisions of chapter 10 of the Connecticut General Statutes as of the date such contract is executed in accordance with the provisions of section 4a-81 of the Connecticut General Statutes. Such representation shall be sworn as true to the best knowledge and belief of the person signing the resulting contract and shall be subject to the penalties of false statement.
4. **Campaign Contribution Restriction, C.G.S. § 9-612.** For all State contracts, defined in section 9-612 of the Connecticut General Statutes as having a value in a calendar year of \$50,000 or more, or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to the resulting contract must represent that they have received the State Elections Enforcement Commission's notice advising state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice, as set forth in "Notice to Executive Branch State Contractors and Prospective State Contractors of Campaign Contribution and Solicitation Limitations." Such notice is available at https://seec.ct.gov/Portal/data/forms/ContrForms/seec_form_11_notice_only.pdf
5. **Gifts, C.G.S. § 4-252.** Pursuant to section 4-252 of the Connecticut General Statutes and Acting Governor Susan Bysiewicz's Executive Order No. 21-2, the Contractor, for itself and on behalf of all of its principals or key personnel who submitted a bid or proposal, represents:
 - (1) That no gifts were made by (A) the Contractor, (B) any principals and key personnel of the Contractor, who participate substantially in preparing bids, proposals or negotiating State contracts, or (C) any agent of the Contractor or principals and key personnel, who participates substantially in preparing bids, proposals or negotiating State contracts, to (i) any public official or State employee of the State agency or quasi- public agency soliciting bids or proposals for State contracts, who participates substantially in the preparation of bid solicitations or requests for proposals for State contracts or the negotiation or award of State contracts, or (ii) any public official or State employee of any other State agency, who has supervisory or appointing authority over such State agency or quasi-public agency;

- (2) That no such principals and key personnel of the Contractor, or agent of the Contractor or of such principals and key personnel, knows of any action by the Contractor to circumvent such prohibition on gifts by providing for any other principals and key personnel, official, employee or agent of the Contractor to provide a gift to any such public official or State employee; and
- (3) That the Contractor is submitting bids or proposals without fraud or collusion with any person.

Any bidder or proposer that does not agree to the representations required under this section shall be rejected and the State agency or quasi-public agency shall award the contract to the next highest ranked proposer or the next lowest responsible qualified bidder or seek new bids or proposals.

6. **Iran Energy Investment Certification C.G.S. § 4-252(a).** Pursuant to C.G.S. § 4-252(a), the successful contracting party shall certify the following: (a) that it has not made a direct investment of twenty million dollars or more in the energy sector of Iran on or after October 1, 2013, as described in Section 202 of the Comprehensive Iran Sanctions, Accountability and Divestment Act of 2010, and has not increased or renewed such investment on or after said date. (b) If the Contractor makes a good faith effort to determine whether it has made an investment described in subsection (a) of this section it shall not be subject to the penalties of false statement pursuant to section 4-252a of the Connecticut General Statutes. A "good faith effort" for purposes of this subsection includes a determination that the Contractor is not on the list of persons who engage in certain investment activities in Iran created by the Department of General Services of the State of California pursuant to Division 2, Chapter 2.7 of the California Public Contract Code. Nothing in this subsection shall be construed to impair the ability of the State agency or quasi-public agency to pursue a breach of contract action for any violation of the provisions of the resulting contract.
7. **Nondiscrimination Certification, C.G.S. § 4a-60 and 4a-60a.** If a bidder is awarded an opportunity to negotiate a contract, the proposer must provide the State agency with *written representation* in the resulting contract that certifies the bidder complies with the State's nondiscrimination agreements and warranties. This nondiscrimination certification is required for all State contracts – regardless of type, term, cost, or value. Municipalities and CT State agencies are exempt from this requirement. The authorized signatory of the contract shall demonstrate his or her understanding of this obligation by either (A) initialing the nondiscrimination affirmation provision in the body of the resulting contract, or (B) providing an affirmative response in the required online bid or response to a proposal question, if applicable, which asks if the contractor understands its obligations. If a bidder or vendor refuses to agree to this representation, such bidder or vendor shall be rejected, and the State agency or quasi-public agency shall award the contract to the next highest ranked vendor or the next lowest responsible qualified bidder or seek new bids or proposals.
8. **Access to Data for State Auditors.** The Contractor shall provide to OPM access to any data, as defined in C.G.S. § 4e-1, concerning the resulting contract that are in the possession or control of the Contractor upon demand and shall provide the data to OPM in a format prescribed by OPM [or DEEP] and the State Auditors of Public Accounts at no additional cost.

 - (5) Contract. This agreement, as of its Effective Date, between the Contractor and the State for any or all goods or services as more particularly described in Appendix A.
 - (6) Execution. This contract shall be fully executed when it has been signed by authorized representatives of the parties, and if it is for an amount of Twenty-five thousand dollars (\$25,000.00) or more, by the authorized representative of the state Attorney General's office.
 - (7) Exhibits. All attachments, appendices or exhibits referred to in and attached to this Contract are incorporated in this Contract by such reference and shall be deemed to be a part of it as if they had been fully set forth in it.

 - (11) Claim. Claim shall mean, all actions, suits, claims, demands, investigations and proceedings of any kind, open, pending or threatened, whether mature, unmaturing, contingent, known or unknown, at law or in equity, in any forum.
2. Audit Requirements for Recipients of State Financial Assistance. For purposes of this paragraph, the word "contractor" shall be deemed to mean "nonstate entity," as that term is defined in Section 4-230 of the Connecticut General Statutes. The contractor shall provide for an annual financial audit acceptable to the Agency for any expenditure of state-awarded funds made by the contractor. Such audit shall include management letters and audit recommendations. The State Auditors of Public Accounts shall have access to all records and accounts for the fiscal year(s) in which the award was made. The contractor will comply with federal and state single audit standards as applicable.
 3. Whistleblowing. This Contract is subject to C.G.S. § 4-61dd if the amount of this Contract is a "large state contract" as that term is defined in C.G.S. § 4-61dd(k)(1). In accordance with this statute, if an officer, employee or appointing authority of the Contractor takes or threatens to take any personnel action against any employee of the Contractor in retaliation for such employee's disclosure of information to any employee of the contracting state or quasi-public agency or the Auditors of Public Accounts or the Attorney General under subsection (a) of such statute, the Contractor shall be liable for a civil penalty of not more than five thousand dollars (\$5,000) for each offense, up to a maximum of twenty per cent (20%) of the value of this Contract. Each violation shall be a separate and distinct offense and in the case of a continuing violation, each calendar day's continuance of the violation shall be deemed to be a separate and distinct offense. The State may request that the Attorney General bring a civil action in the Superior Court for the Judicial District of Hartford to seek imposition and recovery of such

civil penalty. In accordance with subsection (f) of such statute, each large state contractor, as defined in the statute, shall post a notice of the relevant sections of the statute relating to large state contractors in a conspicuous place which is readily available for viewing by the employees of the Contractor.

4. Disclosure of Records. This Contract may be subject to the provisions of section 1-218 of the Connecticut General Statutes. In accordance with this statute, each contract in excess of two million five hundred thousand dollars between a public agency and a person for the performance of a governmental function shall (a) provide that the public agency is entitled to receive a copy of records and files related to the performance of the governmental function, and (b) indicate that such records and files are subject to FOIA and may be disclosed by the public agency pursuant to FOIA. No request to inspect or copy such records or files shall be valid unless the request is made to the public agency in accordance with FOIA. Any complaint by a person who is denied the right to inspect or copy such records or files shall be brought to the Freedom of Information Commission in accordance with the provisions of sections 1-205 and 1-206 of the Connecticut General Statutes.
5. Forum and Choice of Law. The parties deem the Contract to have been made in the City of Hartford, State of Connecticut. Both parties agree that it is fair and reasonable for the validity and construction of the Contract to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Contractor waives any objection which it may now have or will have to the laying of venue of any Claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.
6. Termination.
 - (1) Notwithstanding any provisions in this Contract, the Agency, through a duly authorized employee, may Terminate the Contract whenever the Agency makes a written determination that such Termination is in the best interests of the State. The Agency shall notify the Contractor in writing of Termination pursuant to this section, which notice shall specify the effective date of Termination and the extent to which the Contractor must complete its Performance under the Contract prior to such date.
 - (2) Notwithstanding any provisions in this Contract, the Agency, through a duly authorized employee, may, after making a written determination that the Contractor has breached the Contract, Terminate the Contract in accordance with the provisions in the Breach section of this Contract.
 - (3) The Agency shall send the notice of Termination via certified mail, return receipt requested, to the Contractor at the most current address which the Contractor has furnished to the Agency for purposes of correspondence, or by hand delivery. Upon receiving the notice from the Agency, the Contractor shall immediately discontinue all services affected in accordance with the notice, undertake all commercially reasonable efforts to mitigate any losses or damages, and deliver to the Agency all Records. The Records are deemed to be the property of the Agency and the Contractor shall deliver them to the Agency no later than thirty (30) days after the Termination of the Contract or fifteen (15) days after the Contractor receives a written request from the Agency for the Records. The Contractor shall deliver those Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCII or .TXT.
 - (4) Upon receipt of a written notice of Termination from the Agency, the Contractor shall cease operations as the Agency directs in the notice, and take all actions that are necessary or appropriate, or that the Agency may reasonably direct, for the protection, and preservation of the Goods and any other property. Except for any work which the Agency directs the Contractor to Perform in the notice prior to the effective date of Termination, and except as otherwise provided in the notice, the Contractor shall terminate or conclude all existing subcontracts and purchase orders and shall not enter into any further subcontracts, purchase orders or commitments.
 - (5) The Agency shall, within forty-five (45) days of the effective date of Termination, reimburse the Contractor for its Performance rendered and accepted by the Agency, in addition to all actual and reasonable costs incurred after Termination in completing those portions of the Performance which the notice required the Contractor to complete. However, the Contractor is not entitled to receive and the Agency is not obligated to tender to the Contractor any payments for anticipated or lost profits. Upon request by the Agency, the Contractor shall assign to the Agency, or any replacement contractor which the Agency designates, all subcontracts, purchase orders and other commitments, deliver to the Agency all Records and other information pertaining to its Performance, and remove from State premises, whether leased or owned, all of Contractor's property, equipment, waste material and rubbish related to its Performance, all as the Agency may request.
 - (6) For breach or violation of any of the provisions in the section concerning Representations and Warranties, the Agency may Terminate the Contract in accordance with its terms and revoke any consents to assignments given as if the assignments had never been requested or consented to, without liability to the Contractor or Contractor Parties or any third party.
 - (7) Upon Termination of the Contract, all rights and obligations shall be null and void, so that no party shall have any further rights or obligations to any other party, except with respect to the sections which survive Termination. All representations, warranties, agreements and rights of the parties under the Contract shall survive such Termination to the extent not otherwise limited in the Contract and without each one of them having to be specifically mentioned in the Contract.
 - (8) Termination of the Contract pursuant to this section shall not be deemed to be a breach of contract by the Agency.
7. Tangible Personal Property. The Contractor on its behalf and on behalf of its Affiliates, as defined below, shall comply with

the provisions of Conn. Gen. Stat. §12-411b, as follows:

- (1) For the term of the Contract, the Contractor and its Affiliates shall collect and remit to the State of Connecticut, Department of Revenue Services, any Connecticut use tax due under the provisions of Chapter 219 of the Connecticut General Statutes for items of tangible personal property sold by the Contractor or by any of its Affiliates in the same manner as if the Contractor and such Affiliates were engaged in the business of selling tangible personal property for use in Connecticut and had sufficient nexus under the provisions of Chapter 219 to be required to collect Connecticut use tax;
 - (2) A customer's payment of a use tax to the Contractor or its Affiliates relieves the customer of liability for the use tax;
