## Commercial Fishery Black Sea Bass Winter I Closure Reminder

### NOTICE

**As of 0001 hours, Sunday March 26, 2023, the commercial black sea bass fishery in Connecticut was closed until further notice. Vessels which sailed prior to 0001 hours Friday March 17, 2023 and had not yet landed the biweekly limit of 500 lbs previously in place for the biweekly period that began at 0001 hours on Sunday, March 12, 2023 were allowed to complete their trip and offload black sea bass, subject to the 500 lb biweekly landing limit for the period March 12 – March 25 and provided such offload occurred no later than 2359 Saturday March 25, 2023.**

As of Thursday, March 16, 2023, 26% of Connecticut's 2023 commercial black sea bass quota had been landed. The 2023 Winter I (January 1 through April 30, 2023) cumulative landings target for the commercial fishery is 25% of the quota. The Department was unable to implement a closure at the 25% Winter 1 target or provide more advanced notice of the closure implemented via this notice due to late seafood dealer reports of black sea bass landings. **Federally-licensed seafood dealers are reminded:** [Dealers must submit all reports for a reporting week \(Sunday to Saturday\) by midnight of the following Tuesday.](#)

**For current commercial fishery trip limits and quota status, call 860-434-6374 24/7 for a recorded message of current possession limits, or visit [www.ct.gov/deep/TL](http://www.ct.gov/deep/TL).**

The Department monitors landings and adjusts trip limits according to Department regulations in an attempt to provide fishing opportunity throughout the year for all participants in the commercial fishery. In addition, the Department strives to provide advance notification of trip limit changes, although this may not always be possible due to rapidly escalating or unanticipated landings. In such circumstances, only a short notification period may be possible.
