For current commercial fishery trip limits and quota status, visit: <https://portal.ct.gov/DEEP-TL> or call 860-434-6374 24/7 for a recorded message of current possession limits.

The Department monitors landings and adjusts trip limits according to Department regulations in an attempt to provide fishing opportunity throughout the year for all participants in the commercial fishery. In addition, the Department strives to provide advance notification of trip limit changes, although this may not always be possible due to rapidly escalating or unanticipated landings. In such circumstances, only a short notification period may be possible.
