STOCKING UPDATE AS OF 12/18/2025:

Find us on

...and trout & salmon stocking nestled in for a long winters nap. Just kidding!! It's now December and trout and salmon stocking is rolling along! Since September, the Fisheries Division has stocked more than 65,000 trout and 1,700 Atlantic salmon across 38 lakes/ponds and 37 river/stream sections. Species stocked include Brook, Brown, Rainbow, and Tiger trout. The snow is starting to fly but it is still a fantastic time to get outdoors and track down trout and salmon.

"The Daily Cast" – Final day of Atlantic salmon stocking for 2025! Broodstock Seeforellen Brown trout are up next, plus a generous portion of rainbows to be stocked for ice fishing in lakes/ponds. Staff are monitoring ice (tomorrow's rain won't help) and will get going once conditions are safe. Read more about ice safety here: Lice Safety. Please enjoy these fantastic winter fishing opportunities in the Nutmeg state!

Reminder – Atlantic salmon fishing in the open areas of the Naugatuck, Shetucket, and Housatonic Rivers is now open to harvest. Anglers may keep one salmon per day, no minimum length limit. Tackle restrictions still apply: Anglers must use a single fly or an artificial lure with a single free-swinging hook. Please see full gear restrictions at this link: 2025-26-atlantic-salmon-declaration-8-20-2025.pdf

The following is a list of waters planned to be stocked by the Fisheries Division during fall 2025. Dates will be added daily to the "Stocked" column in the table below as locations are stocked and any relevant details will be noted in the "Daily Cast" section above. Please get out and enjoy. Anglers should also check out our Interactive Stocking map for location information. Please note that due to a variety of conditions not every river/stream stocking location can be stocked on each stocking run. The information is sorted alphabetically by waterbody name first in table 1 and by town name in table 2. Questions about CT DEEP's trout and salmon stocking may be sent to matthew.devine@ct.gov

Management type abbreviations: TMA = <u>Trout Management Area</u>; TML = <u>Trout Management Lake</u>; TTA = <u>Trophy Trout Area</u>; <u>Trout Park</u>; <u>WTMA = Wild Trout Management Area</u>; <u>CFW = Community Fishing Waters</u>

The 2025 Fishing Guide is available for download.

*There are no changes to freshwater regulations for 2025.

Thank you for your support and please enjoy!

Use <u>FishBrain</u>, the world's largest fishing APP, for <u>FREE</u> to see CT's regulations georeferenced to all waters. Find it on the APP Store at https://join.fishbrain.com/connecticut

Table 1: Sorted by Waterbody Name

Waterbody - Management type (Alphabetically)	Town(s)	Stocked
Amos Lake – TML	Preston	9/26, 11/25 (Lake trout)
Angus Park Pond (aka Eastbury Pond)	Glastonbury	11/10
Ball Pond	New Fairfield	11/10
Beach Pond	Voluntown	9/26
Beaver Park Pond (North Side Pond) – CFW	New Haven	10/10
