STOCKING UPDATE AS OF 12/2/2025:

It's now December and trout and salmon stocking is rolling along! Since September, the Fisheries Division has stocked more than 65,000 trout and 1,500 Atlantic salmon across 38 lakes/ponds and 37 river/stream sections. Species of trout stocked include Brook, Brown, Rainbow, and Tiger trout. The snow is starting to fly but it is still a fantastic time to get outdoors and track down trout and salmon. So, toss on the warm layers, grab a hot cup of coffee or tea, and get in on the action!

"The Daily Cast" – Today marks the first day of broodstock Atlantic salmon stocking. These monster specimens are raised and cared for at the Kensington State Fish Hatchery and are now ready for public waters! They will be stocked into the Naugatuck and Shetucket Rivers over the next several weeks. Please enjoy!

Reminder – please report your catches of tagged Atlantic salmon in lakes and rivers to DEEP by calling 203.500.2513, emailing matthew.devine@ct.gov, or using the online survey (<https://arcg.is/1TCCLT>).

Reminder – Atlantic salmon fishing in the open areas of the Naugatuck, Shetucket, and Housatonic Rivers is CATCH AND RELEASE ONLY until December 16th. Anglers must also use a single fly or an artificial lure with a single free-swinging hook. Please see full gear restrictions at this link: [2025-26-atlantic-salmon-declaration-8-20-2025.pdf](https://www.ct.gov/deep/ctfishandwildlife/2025-26-atlantic-salmon-declaration-8-20-2025.pdf)

The following is a list of waters planned to be stocked by the Fisheries Division during fall 2025. Dates will be added daily to the "Stocked" column in the table below as locations are stocked and any relevant details will be noted in the "Daily Cast" section above. Please get out and enjoy. Anglers should also check out our [Interactive Stocking map](#) for location information. Please note that due to a variety of conditions not every river/stream stocking location can be stocked on each stocking run. The information is sorted alphabetically by waterbody name first in table 1 and by town name in table 2. Questions about CT DEEP's trout and salmon stocking may be sent to matthew.devine@ct.gov

Management type abbreviations: **TMA** = [Trout Management Area](#); **TML** = [Trout Management Lake](#); **TTA** = [Trophy Trout Area](#); [Trout Park](#); **WTMA** = [Wild Trout Management Area](#); **CFW** = [Community Fishing Waters](#)
