[Firewood and Invasive Insects - NYS Dept. of Environmental Conservation](#) [Vermont Firewood Quarantine](#) [Maine Firewood Emergency Order](#)

All firewood entering New York, Vermont or Maine must be labeled as meeting the following heat treatment standards to kill pests; firewood heated to core temperature of 71 degrees C, or 160 degrees F for at least 75 minutes. Heated treated firewood that has this accompanied with such a State or Federal certified label may be transported anywhere within New York, Vermont or Maine.
