

2025 Deer Lottery

The Deer Lottery is conducted annually to award a limited number of permits for deer hunting on certain state lands and Controlled Hunt areas.

Is there a fee associated with the application process?

No.

How do I apply?

You can apply for lottery permits at the [Online Outdoor Licensing System](#).

Can I apply by mail?

No.

When can I apply for the deer lottery?

You can apply starting on January 2, 2025, starting at 9:30 AM. You have until **January 31, 2025**, to apply for and purchase your permit.

Do I have a better chance of being selected if I apply early?

All applicants will have an equal chance of being selected. However, the number of available permits will decrease over time. It is best to apply as early as possible to maximize your chances.

How do I apply online?

Detailed instructions for applying online are listed below. There are instructions for applying as an individual, as a group, and as an adult and youth.

Are there prerequisites for applying for a deer lottery permit?

Yes. You must have a current firearms type hunting license or select to purchase one at the time you apply. If you are applying as a group, each member of your group must have a current firearms type hunting license. If you are applying for the archery-only lottery, you must have a current archery deer/small game license.

Please Note: If you are applying for Area 51 (Yale-Myers Forest), you must attend a mandatory pre-hunt meeting. If you cannot attend the pre-hunt meeting, do not apply for this area. Also, if you are applying for Area 58 (MDC Nepaug Reservoir - Valentine/Pine Hill Block), Area 64 (MDC Barkhamsted Reservoir - East Block), Area 66 (MDC Nepaug Reservoir - Sweetheart Mt. Block), and Area 67 (MDC Barkhamsted Reservoir - West Block), you must be at least 18 years old and are required to attend a mandatory pre-hunt meeting, pass a background check conducted by MDC, and sign a waiver of liability. If a hunter cannot meet these requirements, please do not apply. Pre-hunt information for all 5 of these areas should be received by August 15.

Are there different procedures for adults and youths applying for the deer lottery?

Yes. Deer lottery permits will be distributed in two ways, depending on whether the hunter is an adult or a youth.

How does the adult deer lottery distribution method work?

As in the past, adult hunters will be able to apply for lottery permits as an individual or as a member of a group. Up to 4 hunters will be allowed on a group application. You may only apply as a group one time. Applicants will be able to specify up to 6 areas. Hunters will be notified immediately if they have won the opportunity to purchase a lottery permit. The probability of winning this opportunity is different for each

area. There is less of a chance of obtaining a lottery permit for popular hunting areas or ones with small quotas.

How does the youth deer lottery distribution method work?

Youth licensed hunters (12 through 17 years old) can only apply individually. All youths will apply by means of a separate lottery called Youth Lottery Permits. Youth applicants can apply and receive their area of choice unless the quota is filled. **It is recommended that the adult hunter participate in the lottery first to ensure that the youth and adult receive a permit for the same area and season.**

If I am selected, what will happen next?

If you are selected, you will receive a message and the permit will be placed in your shopping cart for purchase. After purchasing your permit, you should print your new license. The area, season, and bag limit will be printed on your license. You have until **January 31** to complete your purchase. If you applied as a group, each member in your group will have to log into the licensing site to buy the permits which will already be in their shopping carts. Group members also have until **January 31** to complete their purchases.

What happens if I do not follow through with payment for the deer lottery selection before January 31?

Your permit will be forfeited. That permit may then be made available for sale to other hunters on a first come, first serve basis.

What happens if I am not selected for a permit?

Individuals will be able to apply for permits to areas they have not already applied for. Groups only have one chance to obtain permits as a group. However, each member of the group may apply as an individual for permits to areas that the group did not apply for.

What happens after the deer lottery application period closes on January 31?

An analysis will determine whether there are any unissued permits. On **March 17, 2025**, unissued permits will be made available for sale, **starting at 9:30 AM**, on a first come, first serve basis. Individuals who have not already purchased a lottery permit or a state land no-lottery deer permit will be able to purchase these permits online or at any agent location.

After I complete my payment for the lottery deer permit, what else will I need to do? Will I receive any authorization or permit in the mail?

When you complete your payment and receive confirmation, the deer permit lottery authorization will be automatically added to your privileges on your license. You simply need to reprint your license. The area, season, and bag limit will be listed on your license. You will no longer receive a postcard authorization in the mail. If you are selected for a controlled hunt area, you may receive additional correspondence from the DEEP Wildlife Division regarding special rules, hang tags, or required pre-season meetings.

Who should I contact if I experience any problems trying to enter the lottery?

You may contact any of the DEEP licensing offices during office hours from 9:00 AM – 4:00 PM: Licensing and Revenue Division at 860-424-3105 or the Wildlife Division at 860-424-3011.
