

Deer Crop Damage Harvest Tags

This page has **Harvest Tags** that deer and turkey hunters must use to identify their harvest. Photocopies or handwritten versions may also be used. Handwritten versions must be signed and include your Conservation ID#, your name, date of harvest, time of harvest, town of harvest, and the permit type used. Additional copies of the harvest tag is available at <https://portal.ct.gov/deep-deer-crop-damage>.

Immediately upon harvesting a deer or turkey, complete and sign a **Harvest Tag** and keep it with the carcass at all times. Harvested deer and turkeys must be reported within 24 hours at <https://portal.ct.gov/DEEP-Report-Deer-Turkey-Harvest> or by calling the toll-free number, 1-877-337-4868. After reporting your harvest, you will be given a report confirmation number to write on the tag. Keep the tag, completed with all information, with the carcass until it is cut up for consumption.

If you do not receive a confirmation number after submitting a harvest report online, **do not** immediately submit another report. Go back to the Tagging and Reporting webpage; select the "Review Reports" button; and enter the required information. You should be able to view your profile to see if the harvest report was recorded and get the confirmation number if it was (there may be a short lag time before the report shows up).
