What We Do

- IT Asset Management & Recovery and Remarketing
- Data Destruction
- Medical Asset Management & Recovery and Remarketing
- Sales of New and Refurbished IT Equipment
- Sales of Refurbished Medical Equipment

How It Works

- We buy new, used, working non-working medical and IT equipment.
- We offer free quotes on all equipment.
- We offer free scheduled pick-ups.
- The equipment is brought to our warehouse and inventoried.
- Help local disadvantaged families and nonprofits.

What Happens To The IT Equipment

- Our team fixes or replaces any bad components and fully refurbishes each unit.
- They are then put back on to the market and sold on the wholesale and retail markets.
- Some equipment will be offered to Donation Programs (Nonprofits and inner city programs).
- If the product is of no value to us, we may have the equipment recycled through our network of certified recyclers.

What Happens to Your Data

- Each drive will be pulled from your computers.
- Then scanned into our system and destroyed.
- You will receive a certificate that includes each drive's serial number.
- Your destroyed drives are then sent to a certified recycler.
- In the future we also plan on offering onsite destruction.
