

State Coastal Consistency Review Form

This form is designed to help applicants of projects in the coastal area who are applying to a regulatory program administered by the Department of Energy and Environmental Protection (DEEP). See Appendix A for coastal area/boundary definitions. Proposed projects in the coastal area must be consistent with all applicable policies and standards in Connecticut's Coastal Management Act (CCMA)¹. Please check the category applicable to the proposed activity:

- State Agency Actions, CGS Section 22a-100**
Please submit the completed form directly to LWRD Planning Section staff at DEEP.LWRDPlanning@ct.gov
- Other DEEP Regulatory Programs, CGS Section 22a-98**
DEEP staff receiving this completed form as an attachment to their program's application may determine consistency or forward to LWRD Planning staff for assistance at DEEP.LWRDPlanning@ct.gov

This form has been designed so that it may be completed using the "Reference Guide to Coastal Policies and Definitions." [Reference Guide to Coastal Policies and Definitions \(ct.gov\)](#)

Yes No

If you answered **Yes** to this question, complete the entire form.

If you answered **No** to this question, and your project is located in a coastal area, skip Parts II through V and complete Parts VI, VII and VIII.

6. NATURAL DIVERSITY DATA BASE (NDDB): According to the most current "[Natural Diversity Data Base Areas Maps](#)", will the activity which is the subject of this form, including all impacted areas, be located within an area identified as, or otherwise known to be, a habitat for state listed endangered, threatened or special concern species?

Yes No Date of Map:

- a. If Yes and the review has been completed as part of another DEEP license application, provide the NDDB Determination # _____ and proceed to Part II;
- b. If Yes and the review has not been completed, submit an NDDB Review Request using the DEEP's ezFile portal (filings.deep.ct.gov/DEEPPortal/). To get started, create a user account and start a new NDDB filing. Additional information about this new filing process can be found on the NDDB [website](#). **All requests for review must go through the new NDDB portal. Email deep.nddbrequest@ct.gov if you need help.**

Please note if NDDB biologist review is required, it may take 6 to 8 weeks and may require the applicant to produce additional documentation, such as ecological surveys, which must be completed prior to submitting this form.

A copy of the NDDB Determination response letter that has not expired *must* be submitted with this completed form as Attachment A. Include a copy of any mitigation measures developed for this activity and approved by NDDB. Be aware that you must renew your NDDB Determination if it expires before project work commences.
