

## Appendix G

To invoke effluent limit exemption for Ammonia as Nitrogen, any permittee in Sector S which is an existing or new primary airport with 1,000 or more annual non-propeller aircraft departures must certify annually in their SWPPP that the permittee does not use pavement deicers containing urea. The permittee must also include a certification statement pursuant to Section 7(c) of the General Permit for the Discharge of Stormwater Associated with Industrial Activity effective [date to be determined] (“the permit”) indicating that the site does not use pavement deicers containing urea. The official certification statement, in accordance with Section 7j(19), can be found on the next page. This certification must be signed and dated annually by a qualified professional as described in Section 2 (Definitions) of the permit. The language of the certification must not be altered, and the certification as well as supporting documentation must be included in the Stormwater Pollution Prevention Plan pursuant to Section 7(c) of the permit. The certification must also be made in the annual report.

If circumstances change and the facility begins to use pavement deicers containing urea, the effluent limit exemption no longer applies and the permittee must immediately resume the requirements in Table S-2 (e.g., monitoring, effluent etc.).

## Appendix G

I certify that I have thoroughly examined the site or facility known as \_\_\_\_\_, which is a new or primary airport with 1,000 or more annual non-propeller aircraft departures. I further certify, based on such examination and site visit by myself or my agent, and on my professional judgment, that the facility does not use pavement deicers containing urea.

I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that a false statement made in the submitted information may be punishable as a criminal offense, in accordance with section 22a-6 of the Connecticut General Statutes, pursuant to section 53a-157b of the General Statutes, and in accordance with any other applicable statute.
