CERTIFICATION OF SMALL ENTITY STATUS FOR THE PURPOSES OF ANNUAL FEES

If you have QUESTIONS, email to: DEEP.LRMReg@ct.gov

**IMPORTANT INSTRUCTIONS FOR DEEP FORM 526 -- PLEASE READ CAREFULLY
DO NOT COMPLETE OR RETURN THIS FORM IF YOU DO NOT QUALIFY AS A SMALL ENTITY**

A licensee who qualifies as a small entity under a specific size standard established by DEEP may pay a reduced annual fee by filing the required certification on DEEP Form 526. A separate DEEP Form 526 is required for each invoice. Licensees who do not qualify under one of the 5 size standards shown on DEEP Form 526 should disregard this form.

1. Complete all items on DEEP Form 526 as follows: (NOTE: Incomplete or improperly completed forms will be returned as unacceptable.)

- Enter the licensee's name and address exactly as they appear on the license. Correcting the name and/or address on DEEP Form 526 does not constitute a request to amend the license.
- Enter the license number exactly as it appears on your radioactive materials license.
- Enter the company's business telephone number.
- Enter the contact person's name and e-mail address. Enter the company's website address (if applicable), and the contact person's telephone number.
- Check the appropriate size standard under which the licensee qualifies as a small entity. Check one box only. Note the following:
 - a. A licensee that is a subsidiary of a large entity, including foreign entities, does not qualify as a small entity. The calculation of a firm's size must include the employees or receipts of the parent company and all other affiliates. Affiliation with another concern is based on the power to control whether exercised or not. Such factors as common ownership, common management and identity of interest are indications of affiliation. The affiliated business concerns need not be in the line of business listed in the license.
 - b. Gross annual receipts, as used in the size standards, include all revenue received or accrued by your company from all sources, regardless of the form of the revenue, and not solely receipts from licensed activities. Receipts of a for-profit concern not engaged in manufacturing means average gross receipts over its last five completed fiscal years.
 - c. The size standards apply to the licensee, not to the individual authorized users who may be listed in the license.
 - d. If you are a manufacturer, enter your North American Industry Classification System business code in the narrow, elongated box provided for that purpose under MANUFACTURING INDUSTRY on DEEP Form 526. In accordance with the North American Industry Classification System (NAICS), each business is assigned a NAICS business code. If you do not know your NAICS business code it can be obtained on the internet at www.census.gov.
 - e. As used in DEEP Form 526, "educational institution" means an entity that has education as its primary function; that offers programs accredited by a nationally recognized accrediting agency or association; that is legally authorized to provide a program of organized instruction or study; that provides an educational program for which it awards academic degrees; and that makes its educational programs available to the public.

**CERTIFICATION OF SMALL ENTITY STATUS FOR THE PURPOSES OF ANNUAL FEES
IMPOSED UNDER 10 CFR PART 171 (Effective April 1, 2024) (Continued)**

If you have QUESTIONS, email to: DEEP.LRMReg@ct.gov

2. If the annual fee of your radioactive material license as shown in [10 CFR 171.16\(d\) Table 2](#) is less than the reduced small entity annual fee shown in [10 CFR 171.16\(c\) Table 1](#), you will pay the amount shown in Table 2; there is no further reduction. In this case, do not file DEEP Form 526. However, if the annual fee of your radioactive material license as shown in [10 CFR 171.16\(d\) Table 2](#) is greater than the reduced small entity annual fee shown in [10 CFR 171.16\(c\) Table 1](#), file DEEP Form 526 and you will pay the amount shown in [10 CFR 171.16\(c\) Table 1](#) to the size standard you checked on the form.
3. The completed DEEP Form 526 must be submitted PRIOR to payment of the annual fee invoice each year in order to be considered for small entity status.
4. A licensee must submit a new certification PRIOR to payment of the annual fee invoice each year. A licensee must pay the full amount of the annual fee as shown in [10 CFR 171.16\(c\) Table 1](#), if the licensee fails to submit DEEP Form 526 prior to payment of the annual fee invoice.
