Connecticut Coalition for Sustainable Materials Management Meeting

Meeting Minutes

August 1, 2022, Increase Recycling Working Group Meeting

Present: See Appendix A

Next meeting: TBD

Prepared by: Emma MacDonald and Luciana Granstrand, CT DEEP

I. Call to Order and Announcements

Meeting began at 1:03 pm.

Co-Chairs Ben Florsheim, Mayor, City of Middletown, and Denise Raap, First Selectwoman, Town of Litchfield, provided welcoming remarks, introductions, housekeeping rules, and an overview of the Increase Recycling Working Group efforts and future topics of interest as part of the CCSMM initiative process.

II. Committee Reports

The co-chairs provided a summary of the meeting's agenda and shared that the focus of the meeting would be a discussion on the new Miniature Liquor Bottle (Minis) legislation, P.A. 21-58 (Act), and how municipalities are using the funds from the surcharge related to the Act, as well as brainstorming new ideas for how to use the funds.

A panel composed of the following representatives presented on topics regarding P.A. 21-58:

Chris Nelson, Supervising Environmental Analyst, Sustainable Materials Management, CT DEEP gave a brief overview of Public Act 21-58 and emphasized the statutory language guiding municipalities on how to spend their funds.

Representative Joseph Gresko discussed P.A. 21-58 and the possibility of additional statutory language amendments to provide guidance and expressly direct municipalities on how to use the general funds.

Mike Purcaro, Town Administrator, Vernon shared that his town established Memorandums of Agreement (MOAs) with Opportunity Works of Connecticut and Next Step, a Program created by Vernon Public Schools. The MOAs allocate Minis funds to the groups to clean up mini bottles and other refuse at several locations in Vernon.

Laura Francis, SRCOG presented that the Towns of Durham and Middlefield, with the help of local grassroots groups and some clubs at the local high schools, are trying to use their funds to improve their shared Municipal Transfer Station and provide education and outreach.

Kim O'Rourke, Recycling Coordinator, Middletown presented that the town is focusing on commercial food waste from restaurants, supporting local litter cleanup volunteer groups. The available funds can help the town to hire a recycling center educator to prevent contamination at the facility and create signage for catch basins.

III. Roundtable

There was an opportunity for participants to ask questions to the presenters. Members were interested in learning about the logistics of hiring people to clean up litter, and the importance of giving residents

input in deciding where the funds are going in their communities. Additionally, concerns about cleanup on state roads and educational campaigns to target mini bottle consumers were raised. Members were also concerned with the quick turnaround on the October funds and discussed non-lapsing accounts as a potential solution.

Co-Chair Florsheim asked members to participate in a poll created by DEEP staff to help the Increase Recycling Working Group focus on topics that municipalities are interested in addressing.

As reflected in the poll (Appendix B), members were interested in Enforcement (Litter prevention/residential and commercial food waste diversion/recycling), school – 3Rs (Reduce, Reuse, Recycle), school cafeteria waste, and statewide school recycling curriculum.

Other discussion included next steps and the next full coalition meeting that will be determined.

IV. Public Comment

Members of the public were asked to use the "chat" or "raise hand" feature to indicate if they wanted to comment.

Representative Joseph Gresko reiterated the opportunity to improve the PA 21-58 statutory language.

Katherine Bruns, West Hartford's Recycling Coordinator, expressed the importance of a statewide school recycling curriculum.

Diane Lauricella, Norwalk Zero Waste Coalition, discussed awareness among mini bottle consumers.

Mike Harder commented on the importance of working with DEEP and other state agencies to target the issue of miniatures consumers and potential drinking and driving habits.

Kim O'Rourke, Middleton's Recycling Coordinator, suggested the working group change its name to Increase Reuse and Recycling since they are looking at other issues beyond recycling. The suggestion was met with widespread approval and was noted by DEEP Staff.

V. Adjournment

Meeting adjourned at 2:06 pm.

Appendix A

Name	Organization
Becky Bunnell	SFTF town of Fairfield
Ben Florsheim	City of Middletown
Denise Raap	First Selectman of Litchfield
Chris Nelson	CT DEEP
Sherill Baldwin	CT DEEP
Luciana Granstrand	CT DEEP
Emma MacDonald	CT DEEP
Bill Watkins	Town of Coventry Public Works Department
Brian Sear	City of New London
