| H | A check mark means that the spill cleanup contractor is permitted to transport hazardous waste. |

**NOTE:** Since all Connecticut waste transporter permits are waste-specific, you should verify with your transporter that the wastes to be transported are listed on the transporter's permit before using their services. You should also verify that the vehicle(s) to be used are in compliance with US DOT Hazardous Materials Requirements, and that the transporter has the proper insurance coverage.

This is only a partial listing of spill cleanup contractors that are permitted in Connecticut. This list has been established for general reference only and should not be used as an ultimate verification source (i.e., you may want to request a current copy of the spill cleanup contractor's permit from the hauler you intend to use). Please be aware that this listing may change from day to day; however, due to resource constraints, this list is only updated weekly. In addition, this list should not be construed to be a recommendation from the Waste Engineering & Enforcement Division of any services provided.

If you have any questions about a spill cleanup contractor or wish to verify that they are permitted, please call Olimpia Brucato at (860) 424-3906, or email her at Olimpia.Brucato@ct.gov.
