

**Appendix E**  
**Certification of Stormwater & Non-Stormwater Discharges**

**Instructions for Certification in the Stormwater Pollution Prevention Plan (SWPPP)**

As part of your Stormwater Pollution Prevention Plan (SWPPP), you must include a certification that the discharge from your site meets one of the following conditions:

- It consists only of stormwater.
- It is stormwater combined with non-stormwater that is authorized under a valid permit issued pursuant to Section 22a-430 or 22a-430b of the Regulations of Connecticut State Agencies (including this general permit).
- It is stormwater combined with other non-stormwater discharges that are specifically authorized in this permit.

This certification must:

- Be signed and dated by a qualified professional.
- Be included in the SWPPP without any changes to the certification language.
- Be accompanied by appropriate supporting documentation.

**Supporting Documentation Requirements**

Include the following information:

- Details on any potential non-stormwater sources at your site.
- A description of any tests or evaluations performed to detect non-stormwater discharges.
- The criteria or testing methods used.
- The date the test or evaluation was conducted.
- The specific on-site drainage points that were observed during testing.

**Recertification Requirement**

If you make significant changes to the site or to the SWPPP, you are required to recertify the SWPPP in accordance with the requirements in Section 4.3 of the permit.

**Certification:** I certify that in my professional judgment, the stormwater discharge from the site or facility known as [Click or tap here to enter text.](#) consists only of stormwater, or of stormwater combined with non-stormwater authorized by an effective permit issued under section 22a-430 or section 22a-430b of the Regs. Conn. State Agencies, including the provisions of Section 4.3.2.9b the General Permit for the Discharge of Stormwater Associated with Industrial Activity or of stormwater combined with any of the following discharges, provided they do not contribute to a violation of water quality standards.

This certification is based on testing and/or evaluation of the stormwater discharge from the site. I further certify that all potential sources of non-stormwater at the site, a description of the results of any test and/or evaluation for the presence of non-stormwater discharges, the evaluation criteria or testing method used, the date of any testing and/or evaluation, and the on-site drainage points that were directly observed during the test have been described in detail in the Stormwater Pollution Prevention Plan prepared for the site. I further certify that no interior building floor drains exist unless such floor drain connection has been approved and permitted by the commissioner or otherwise authorized by a local authority for discharge as domestic sewage to a sanitary sewer.

I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, the submitted information is true, accurate, and complete to the best of my knowledge and belief. I understand that a false statement made in the submitted information may be punishable as a criminal offense, in accordance with section 22a-6 of the Regs. Conn. State Agencies, pursuant to section 53a-157b of the Regs. Conn. State Agencies, and in accordance with any other applicable statute.
