**RE:** Revised 2013 Statewide Severe Weather Exercise Update # 2 - Exercise Scenario

---

This memorandum is the second in a series of memorandums and messages containing information and tools to help you prepare for the upcoming Statewide Severe Weather Exercise as well as for the next inevitable emergency.

Attached you will find a document describing the scenario that we will be using for the Statewide Severe Weather Exercise. This year's exercise is based on a Regional event, specifically a Severe Ice Storm impacting the West/Northwest portion (DEMHS Region 5) of the state. The event will give us an opportunity to exercise Regional Emergency Support Plans with DEMHS Regions 1-4 participating in support roles.

This memorandum along with supporting products and exercise update messages will be posted on the DESPP/DEMHS website at [www.ct.gov/demhs](http://www.ct.gov/demhs).

If you have any questions or if you require any additional information regarding the Statewide Severe Weather Exercise, please contact us at DEMHS via e-mail at [demhs.eppi.questions@ct.gov](mailto:demhs.eppi.questions@ct.gov)

Sincerely,

William P. Shea
