Other ^e						
Male	740	483	65.3	299	40.4	
Female	607	424	69.9	271	44.6	
Total	10,484	8,116	77.4	5,238	50.0	

Note: includes persons aged ≥13 years and diagnosed with HIV through 2019 and living as residents of Connecticut through 2020.

^a Receipt of care any care is defined as at least one care visit during 2020. Retention in care is defined as two or more visits at least 3 months (≤91 days) apart in 2020.

^b Additional gender identity examples include "bigender," "gender queer," and "two-spirit."

^c Hispanics/Latinos can be of any race.

^d Transmission category data presented based on sex at birth and include transgender persons.

^e Other transmission category includes persons whose infection was attributed to hemophilia, blood transfusion, perinatal exposure or whose risk factor was not reported or not identified.
