Unknown	1	7.1

This table presents HIV Infection cases using the year the person was first diagnosed  
The term HIV Infection is used to refer to three categories of diagnoses collectively:  
1 - persons with a diagnosis of HIV infection (not AIDS)  
2 - a diagnosis of HIV infection and a later diagnosis of AIDS  
3 - concurrent diagnoses of HIV and AIDS  
Data supplied from HIV Surveillance for cases reported through 2016
