

MEMORANDUM

To: Council on Environmental Quality, Environmental Monitor

From: Eric McPhee
Supervising Environmental Analyst
Department of Public Health—Drinking Water Section

CC: Linda Brunza, Environmental Analyst, CT DEEP
Heather Aaron, MPH, LHNA, Deputy Commissioner, CTDPH
Lori Mathieu, Public Health Branch Chief, CTDPH
Cam Walden, CTDPH
Patricia Bisacky, CTDPH
Craig J. Patla, P.E., Vice President – Service Delivery
Connecticut Water Company (CTWC)

Date: October 6, 2021

Subject: Crestwood Drive Water Main Extension, Naugatuck

Attached please find the Environmental Assessment Summary for the above referenced project. Scoping for the project began on March 16, 2021 and ended on April 16, 2021. A Notice of Time Extension for Post-Scoping Notice was published in Environmental Monitor on September 7, 2021, edition. The Department of Public Health (DPH) received comments from the Department of Energy and Environmental Protection (DEEP) on April 5, 2021. The DPH will coordinate with the CTWC and Borough of Naugatuck to ensure that the recommendations are implemented.

Comments were received by the Department of Energy and Environmental Protection. The Environmental Assessment Summary details how those comments will be addressed, including requiring the contractor to institute BMPs recommended by DEEP.

Based upon the DPH's review of the comments received it is recommended that an Environmental Impact Evaluation is not warranted for this project. Should you have any questions, please contact me at (860)509-7333.
