RE: 2019 Educational Public Health Drinking Water Merit Award

Dear Mr. Bonett:

Congratulations! You have been chosen by the Connecticut Department of Public Health (CT DPH) to receive the 2019 Educational Public Health Drinking Water Merit Award. This award is given during Drinking Water Week to recognize an individual who has made outstanding contributions to the field of workforce development and the training of water system operators.

We recognize your important volunteer efforts as the primary driver behind the CT AWWA Program Committee for many years, and ultimately your work with the Education Committee after the two committees merged. Additionally, we recognize all the work you have put into the operator training courses offered at ATCAVE over the years, the annual CTAWWA Conference, and most recently the Fall Water Quality Symposium. Planning and organizing events such as these many times can be a time-consuming and invisible task albeit a very crucial one. It is evident that you take these responsibilities very seriously and their success is a direct result of your tireless efforts. Your hard work deserves recognition.

We look forward to presenting you with your award at a ceremony on Tuesday April 30th at 4:30pm at the Legislative Office Building Atrium during Connecticut Water Works Association's Celebrate Water event.
