SUBJECT: Drinking Water State Revolving Fund – State Fiscal Year 2023 Intended Use Plan and Hearing Report – Now Final

The Drinking Water Section (DWS) has released the hearing report for the public hearing held on February 16, 2023 for the State Fiscal Year (SFY) 2023 Drinking Water State Revolving Fund (DWSRF) Annual Intended Use Plan (IUP) and the Project Priority Lists (PPLs). The hearing report includes written comments that were submitted to the DPH during the public comment period as well as a transcript of the oral testimony given by the interested parties during the hearing. The DPH has considered this information in preparing the final version for the IUP and the PPLs. The DPH's responses to this information as well as any resulting changes that were made to the IUP and/or PPL are also included in the hearing report. The final IUP, PPLs, and hearing report can be accessed online on the [DWS's website](#).

The DPH thanks everyone for their participation in the annual public hearing process. The DWSRF continues its commitment to providing low-cost financing for projects which impact the health and well-being of Connecticut citizens. The DWSRF looks forward to working with community and non-community public water systems to provide the financing for many important drinking water projects that address public health priorities, regulatory compliance requirements and strengthen infrastructure.
