Written comments from the public regarding the IUP and PPLs will be accepted until noon on September 20, 2024. Comments in writing may be submitted electronically via email to dph.ctdwsrf@ct.gov. Please note "DWSRF Public Hearing" in the subject line. Oral testimony will be accepted during the public hearing.

The DWSRF provides long-term below market rate loans to public water systems for drinking water infrastructure improvements that provide public health protection, help to achieve compliance with drinking water regulations and are essential for resiliency and/or long-term infrastructure sustainability. Interest rates are approximately half of the market rate, and many projects qualify for partial subsidization. Extended loan terms and additional subsidization may be available to qualifying disadvantaged communities.

Questions or inquiries may be directed to Cameron Walden, Supervising Environmental Engineer, of the DWSRF Program via email to Cameron.Walden@ct.gov.
