	<ul style="list-style-type: none"> ○ OEMS is pleased to accept applications to attend the DHHS Block Grant funded EMS Resiliency Seminar on June 25-30 to be held at Quinnipiac University. This 6-day seminar is available at no charge to EMS personnel thanks to a grant from Public Health and Human Services and support from multiple hospital and EMS health systems. Seating is limited and will be allocated based on applications according to regions. The presentation will be recorded and developed into a distributive education program that will be made available to all EMS personnel after the event. This free training opportunity for front-line personnel, first-line supervisors and mental health trauma response teams to recognize and respond to significant events in EMS. ○ Applicants may choose to attend: ○ Day 1-2 – For front-line EMS agencies and personnel ○ Day 3-6 – For those EMS personnel who wish to become Peer Support Responders ○ Information and application is available at https://quems.org/ems-resiliency-training/ <ul style="list-style-type: none"> ● UCONN Health <ul style="list-style-type: none"> ○ Researchers are studying the effectiveness of a new simulation-based resuscitation program. ○ Participation includes two in-person and one online session, each six months apart. ○ First session: July 21 or 22, 2022 ○ Second session: January 26 or 27, 2023 ○ Third session: TBD July 2023 ○ PARTICIPANTS WILL <ul style="list-style-type: none"> ▪ be randomized to one of two groups and dates, take online assessments, read a 	
--	---	--

	<p>manual, and use a manikin to participate in simulated medical scenarios.</p> <ul style="list-style-type: none"> ○ WHO CAN JOIN? <ul style="list-style-type: none"> ▪ EMS personnel, first responders, and program trainees located in the Hartford area, ages 18 and older. ○ You will receive \$100 and CME in compensation. ○ Interested parties should call Catherine Jahne @ 860-679-1138, UConn Health Clinical Research Center. <ul style="list-style-type: none"> ● New Mexico Tech: Medical Preparedness and Response to Bombing Incidents Course <ul style="list-style-type: none"> ○ New Mexico Tech is offering a second free course at CFA titled: Medical Preparedness and Response to Bombing Incidents. The class is at CFA on June 2 and 3. The 16 hr course introduces first responders who may be involved in the medical response to an explosive incident to real-world event case studies and research-based information designed to enhance the medical preparedness for and response to blast effects. This course includes a management and planning-level section focused on pre-incident indicators of bombing incidents, bombing incident scene safety and security, and resource management for bombing incidents. The course also includes a performance-level section focused on bombing incident injury patterns and treatment; managing the medical response for bombing incidents; and the planning, training, and exercise cycle for bombing incidents. The class is free and includes 4 hours of Fire Marshall CEU's. 	
--	---	--

	<p>To enroll go to our website at: https://ctlms-cfa.ct.gov/ The course is listed under the New Mexico Tech tab.</p> <ul style="list-style-type: none"> • Melissa is having an in-house training • Mike found an interesting website www.CTcrash.uconn.edu. Crash data management system. DOT reviewing this data. 	
Next Meeting	June 21, 2022 at 0930 will be virtual. Lou will be unable to attend. Melissa will run the meeting. No meeting in July	Meeting held via zoom
