New Business	<ul style="list-style-type: none"> <li>Lou is no longer the police academy instructor</li> <li>Lou is also retiring from the committee in December</li> <li>Mike Zacchera - Memo sent out about a month ago stating we are transitioning to NEMESIS 3.5 and will be starting around now. Nothing services need to do at this time however services should reach out to their vendor, so they are aware. They will also be turning some validation keys. So that means you may be getting error messages if you exclude certain criteria.</li> <li>When is the data set being released – Working on that now.</li> <li>Maintaining training programs: Discussion to remove training from the website: SMR (trained in EMT classes), Narcan, tourniquet, Aspirin, Glucometer can be removed, and instructors / students should refer to text book. Would like to keep CPAP, 12 lead, SMART, vaccine / check and inject. <ul style="list-style-type: none"> <li>Motion made by Melissa that the committee will develop education that either 1) addresses a new skill or subject matter that's been approved through scope of practice or protocols or 2) addresses a gap in QA, etc. as identified by regional QA's and data committee or any training requested by Advisory. Motion seconded by Jaclyn Nemcik. Motion passed.</li> <li>Motion made by Melissa that we remove any educational PowerPoints that are in the current EMT national DOT curriculum / education guidelines. However, we would leave any PowerPoints required by sponsor hospitals or new skills. Removal would</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>Melissa has a page of notes and will send to everyone</li> <li>Requesting that the dictionary be sent to the regional macs</li> <li>Joel will issue a memo on the listserv advising the training will be removed in 30 days to allow anyone to save them if they want to keep and update the material.</li> </ul>

	<p>include tourniquets, bleeding / hemorrhage control, SMR, Aspirin, Narcan and Glucometry. Keeping 12 lead, Check &amp; Inject, CPAP and will have SMART training added and we will remove these once reviewed and objectives have been set.
