COMBINATION APPLICATION FOR FIRST RESPONDER AND PRIMARY SERVICE AREA RESPONDER (PSAR) ASSIGNMENT

Complete the "Combination Application for First Responder and Primary Service Area Responder" and submit it to the Office of Emergency Medical Services (OEMS).

The Office of Emergency Medical Services shall, in consultation with the appropriate Regional Council(s), review the application for completeness. It shall be the sole responsibility of OEMS to deem the application complete. Requests for additional information shall be forwarded to the applicant within thirty (30) days of the receipt of the application. The applicant shall provide such requested additional information within ten (10) working days of the receipt of such request. The Regional Council(s) shall have forty-five (45) days after the receipt of an application to forward a recommendation to OEMS. The OEMS shall render a decision on the application within ten (10) working days after the receipt of the Regional Council(s) recommendation. The above time lines may be waived by mutual agreement.

All parties shall receive written notification of the decision of the OEMS.

REQUIRED LETTERS OF ENDORSEMENT AND CERTIFICATE OF INSURANCE

Submit the original application (including all letters of endorsement) to the address below, to the attention of the Regional EMS Coordinator.
Please remember to retain a copy for your records.

Department of Public Health
Office of Emergency Medical Services

Chief Executive Officer Date

ACTIVATION TIME

Complete this section if you are an existing EMS Organization. If not, check N/A ☐

"Activation time" means the measure of time from notification to the EMS provider organization that an emergency exists, to the beginning of the response of EMS provider organization personnel. Please provide activation time data for the twelve (12) months preceding the submission of this application in the "fractile" format listed below.

Activation Time Fractile Data:

From: _____ To: _____ Based on ____ total responses
mo / day / yr mo / day / yr

Percentage of Responses where activation time was:

Less than or equal to one minute _____
Greater than one minute but less than or equal to two minutes _____
Greater than two minutes but less than or equal to three minutes _____
Greater than three minutes but less than or equal to four minutes _____
Greater than four minutes _____

If activation time data for the preceding twelve months does not exist, please describe the plan for collecting fractile activation time data on an additional narrative page.

RESPONSE TIME

Complete this section if you are an existing EMS Organization. If not, check N/A ☐

Fractile Response time data:

"Response Time" means the total measure of time from notification to the EMS provider organization that an emergency exists, to arrival at the patient's side (including the activation time). Please provide response time data for the twelve (12) months preceding the submission of this application in the "fractile" format listed below.

From: _____ To: _____ Based on _____ total responses
mo / day / yr mo / day / yr

Percentage of responses that were:

Less than or equal to four minutes	_____
Greater than four minutes but less than or equal to five minutes	_____
Greater than five minutes but less than or equal to six minutes	_____
Greater than six minutes but less than or equal to seven minutes	_____
Greater than seven minutes but less than or equal to eight minutes	_____
Greater than eight minutes	_____

If fractile response time data for the preceding twelve months does not exist, please describe the plan for collecting fractile response time data on an additional narrative page.

CERTIFICATES OF MALPRACTICE AND MEDICAL LIABILITY INSURANCE

In accordance with CGS 19a-180, the following shall be the required limits for licensure and certification:

1. For damages by reason of personal injury to, or the death of, one person on account of any accident at least five hundred thousand dollars, and more than one person on account of any accident at least one million dollars.
2. For damage to property at least fifty thousand dollars and
3. For malpractice in the care of one passenger at least two hundred fifty thousand dollars, and for more than one passenger at least five hundred thousand dollars.

In lieu of the limits set forth in subdivisions 1 to 3, inclusive, of this subsection, a single limit of liability shall be followed as follows:

A. For damages by reason of personal injury to, or death of, one or more persons and damage to property, at least one million dollars; and
B. For malpractice in the care of one or more passengers, at least five hundred thousand dollars.

ATTACHMENTS REQUIRED:

Attach current Certificate of Liability Insurance for General, Professional, Automobile and Worker's Compensation which includes the minimum requirements as outlined above.

SIGNATURE PAGE

The Chief Executive Officer of each first responder service must sign this page as an express condition to operate as a first responder service.

_____
(Name of applicant service)

I do hereby warrant and certify that the above-named EMS provider organization shall carry out its responsibilities as a certified First Responder in accordance with Section 19a-179-4(a) of the Regulations of Connecticut State Agencies. Specifically, the above-named service shall provide at least the following at the scene of each EMS call to which it responds:

1. One Medical Response Technician (EMR) who is certified in accordance with section 129a-179-16(a) of the Regulations of Connecticut State Agencies.

2. A two-way radio compatible with the First Responder dispatcher.

3. Bandaging material and dressings sufficient to control hemorrhage.

4. Oropharyngeal or mouth-to-mouth airways in infant, child and adult sizes. Such airways shall be non-rigid and non-metal in construction.

5. Portable oxygen administration apparatus with a thirty (30) minutes supply of oxygen (at seven (7) liters per minute flow rate), which is operable totally detached from the parent vehicle. Such oxygen administration unit shall be capable of accepting attachment to a nasal canal, mouth/nose oxygen mask or as enrichment feed to a forced ventilation unit.

And, all First Responder vehicles listed in the Vehicle Information section of this application shall be equipped in compliance with the equipment standards published annually by the Commissioner pursuant to CGS 19a-177. The most current standard can be found on the Communications & References Documents page of the OEMS website.

All information provided within this application is, to the best of my knowledge, true and correct.
