Re: Rate Application Package for Requesting 2025 Rates

The calculation for this year's 2025 emergency and non-emergency service rates did not show an increase. This calculation was based on the Medical Services Consumer Price Index.

If your organization would like to seek an increase for 2025, you will need to submit a long form rate application.

The long form rate application, spreadsheet and instructions will be located on the [Office of Emergency Medical Services home page](#).

The 2025 Long Form Rate Application package contains the following:

- **Rate Application Check List**
- **Certification Form**, which must be completed, notarized, and submitted with all Rate Application documents.

For those of you who do not currently have a rate and do not charge, please complete the [Non-charging Certification](#) form and email it back to renee.holota@ct.gov

The Office of Emergency Medical Services (OEMS) must receive your long form application via email (renee.holota@ct.gov) by no later than **the close of business (4:30 p.m.) on September 30, 2024**.
