EHS Circular Letter # 2006-32

August 14, 2006

**To: Directors of Health
Chief Sanitarians**

**From: Cliff McClellan, RS
Sanitary Engineer 3, Private Well Program**

**Ray Jarema, P.E.
Section Supervisor, Private Well Program**

Subject: Upgrading Your Well by Extending the Casing

It has come to our attention that individuals on private wells experience water quality problems as a result of their buried well casings. Please see the attached paper "Upgrading Your Well" that addresses this issue. Also note the information is available through the Internet to aid private well owners.

Any additional questions should be directed to the Private Well Program. Ray Jarema or Cliff McClellan can be reached at (860) 509-7296
