EHS Circular Letter 2017-09

TO: Directors of Health
Chief Sanitarians
Regional Lead Treatment Centers

FROM: Christine Hahn, Epidemiologist
Lead, Radon & Healthy Homes Program

DATE: March 15, 2017

SUBJECT: Restoration Hardware Recalls Metal Top Dining Tables Due to Risk of Lead Exposure

On February 10, 2017 the United States Consumer Product Safety Commission issued a recall for the Metal Top Dining Table sold by Restoration Hardware from March 2012 through December 2016 for \$750 to \$2,600. The table's metal top can contain lead and presents a risk of lead exposure to children. Lead is toxic if ingested and can cause adverse health effects.

The recalled tables are round or rectangular with thin sheets of zinc/dark gray color metal on the table tops. See below for the item numbers included in this recall, which is printed on a white sticker underneath the tabletop. Currently, Restoration Hardware has received reports of elevated blood lead levels in four children in two homes where a recalled table was present: two children in Cranston, RI and two children in Beverly Hills, CA. Consumers should immediately stop using the recalled tables and contact Restoration Hardware to receive a free replacement table or a full refund.

Consumers with questions may contact Restoration Hardware toll-free at 888-728-8419 from 8 a.m. to 5 p.m. PT, Monday through Friday or online at www.restorationhardware.com and click on Safety Recalls. The recall can be found on the Consumer Product Safety Commission's website at: <https://www.cpsc.gov/Recalls/2017/Restoration-Hardware-Recalls-Metal-Top-Dining-Tables> You may also contact the Connecticut Department of Public Health Lead, Radon & Healthy Homes Program at 860-509-7299.
