Erin Ash, MS, CGC, Coordinator

Per An Act Concerning Licensure for Genetic Counselors,* effective October 1, 2015:

As used in this section, sections 2 to 6, inclusive, of this act and section 19a-14 of the general statutes, as amended by this act: (1) "Genetic counselor" means a person who has been licensed as a genetic counselor under the provisions of sections 2 to 6, inclusive, of this act; and (2) "genetic counseling" means the provision of services to individuals, couples, families and organizations by an appropriately trained individual to address the physical and psychological issues associated with the occurrence or risk of occurrence of a genetic disorder, birth defect or genetically influenced condition or disease in an individual or a family... No person may use the title "genetic counselor", "licensed genetic counselor", "gene counselor", "genetic consultant", "genetic associate", or the designation "LGC" or make use of any title, words, letters, abbreviations or insignia that may reasonably be confused with licensure as a genetic counselor unless such person is licensed pursuant to section 3 of this act or has been issued a temporary permit pursuant to section 4 of this act.
