

CONNECTICUT PUBLIC HEALTH PREPAREDNESS PLANNING DIRECTORY OF REGIONAL ESF-8 PARTNERS

January 2012

The Connecticut Department of Public Health (DPH) has compiled this directory of Preparedness Planning Partners to assist you in identifying and contacting state, regional, and local resources to develop response strategies to public health emergencies. The directory includes a listing of regional affiliations, municipalities, health districts and departments, and health care providers according to the 5 Connecticut Department of Emergency Management and Homeland Security (DEMHS) regions established in 2005. The maps on the following pages illustrate these and other regional delineations that are referenced in the partnership lists. The directory continues with the contact information for federal resources, state agencies and their regional offices, professional associations, regional planning organizations, health departments, hospitals, community health centers, urgent care centers, coordinated medical emergency dispatch, medical reserve corps units and school-based health centers. **Please notify DPH of any corrections or updates to this information through Greg Chiara at gregory.chiara@ct.gov or (860) 509-7131.**
