Subject: COVID-19 Vaccine Program (CoVP) Provider Bulletin, Week of March 14, 2022

DEPARTMENT OF PUBLIC HEALTH

Dear Connecticut COVID-19 Vaccine Providers,

This communication is being sent to all key contacts at provider organizations administering COVID-19 vaccine— please read this message in its entirety. Please feel free to share it with others in your organization who may benefit from the update. Note that all our communications are archived on our [web site](#).

Thank you for everything that you are doing to continue the roll-out of the COVID-19 vaccine program. Please continue your outreach to parents/individuals age 5 and older and encourage everyone to [stay up-to-date](#) with COVID-19 vaccines.

Going forward we will no longer send weekly provider bulletins and instead send CoVP provider communications when there are relevant immunization updates to share. Thanks for your continued commitment to reviewing our communications and sharing with your staff.

UPDATES

VaccineFinder

We appreciate your efforts in continuing to update inventory information daily in [VaccineFinder](#). The Centers for Disease Control and Prevention (CDC) and the White House have notified us that future vaccine orders may not be distributed without up-to-date inventory reporting from CoVP providers via VaccineFinder. **In order to avoid any supply delays, any providers who are not enrolled in VaccineFinder must enroll ASAP.** Providers who are already enrolled in VaccineFinder must report inventory through the portal daily, in addition to any CT WiZ reporting.

- [VaccineFinder Provider Resources](#)
- If you have any questions regarding issues/updating your VaccineFinder account, please submit a [help desk ticket](#) to DPH (Select Immunizations (CT WiZ) - Clinic Administration - VaccineFinder Issues/Updates). This may include:
 - Updating your overall contact for VaccineFinder
 - Updating your address to be displayed
 - Change in office hours
 - Updating primary/backup vaccine coordinator
- If you need the registration email resent, or have issues logging in your account, please contact the CDC VaccineFinder Helpdesk:

Available M-F, 8am – 8pm ET
Email: CARS_HelpDesk@cdc.gov
Phone: 1-833-748-1979

- Just a reminder that your inventory on hand needs to be updated daily to VaccineFinder. CT WiZ and VaccineFinder are two separate requirements of the CoVP enrollment

Pfizer and BioNTech Submit for U.S. Emergency Use Authorization of an Additional Booster Dose of their COVID-19 Vaccine for Older Adults

Tuesday, March 15, 2022, Pfizer [applied](#) to the U.S. Food and Drug Administration (FDA) for Emergency Use Authorization (EUA) of an additional booster dose for adults 65 years of age and older who have received an initial booster of any of the authorized or approved COVID-19 vaccines.

No decisions regarding approval have been made, nor have there been any changes to the current [ACIP recommendations](#). Please continue to administer all COVID-19 vaccines according to the recommended schedule.

COVID-19 Vaccine Data Entry Tips (CT WiZ and EHRs)

In CT WiZ, when you see an **Invalid Dose** please review if you entered the correct vaccination information.

- Entering the wrong COVID-19 vaccination product information into CT WiZ or your EHR can sometimes mark the dose as '**invalid**' *depending on the patient's age, dose interval or invalid vaccine information*. For example:
 - Pfizer 5-11 entered on an adult
 - Expired lot number
- Note: Invalid COVID-19 dose(s) do not appear on the 'COVID-19 Vaccination Record', but they do appear on the 'Full Immunization Record' in CT WiZ.

Helpful Links for COVID-19 Vaccines Supplied

- '[Vaccines Supplied by Connecticut Vaccine Program](#)' includes the vaccine, brand name and packaging, NDC, manufacturer, CVX, CT WiZ drop down Selections for vaccines supplied **by CVP/CoVP**.
- [COVID-19 Vaccine Related Codes](#) includes the manufacturer, FDA authorizations, proprietary name, product description, NDCs, UoU presentation, CVX code and long and short description for COVID-19 vaccines **in the U.S.**
- [COVID-19 Vaccine Related Codes](#) includes the CVX code, CVX long and short description, CVX note and status, MVX code and manufacturer, product tradename(s) for COVID-19 vaccines **outside the U.S.**

Helpful Links for COVID-19 Vaccine Expiration Date Lookups

- [CDC COVID-19 Vaccine Lot Number and Expiration Date Report](#) is available to public health, healthcare, and pharmacy organizations located within the U.S. for vaccine administration, inventory, and reporting purposes. Access to this report is strictly managed by registration only. Registration will not be granted for personal use or to confirm validity of vaccination. Registration requests will be denied for the following users: using personal emails (e.g., Gmail, Yahoo, MSN), seeking the report to verify vaccinations, located outside of the US jurisdiction and territories.
- [Click here](#) for training on 'How to Make Expiration Date Adjustments in CT WiZ' found on our [CVP Vaccine Inventory Management \(ct.gov\)](#)

Recent Morbidity and Mortality Weekly Report (MMWRs)

- Effectiveness of 2-Dose BNT162b2 (Pfizer BioNTech) mRNA Vaccine in Preventing SARS-CoV-2 Infection Among Children Aged 5–11 Years and Adolescents Aged 12–15 Years — PROTECT Cohort, July 2021–February 2022. Link [here](#).
- COVID-19 Vaccine Provider Access and Vaccination Coverage Among Children Aged 5–11 Years — United States, November 2021–January 2022. Link [here](#).

REMINDERS

We are keeping information on many important reminders from past communications in the space below. To prevent this section from becoming too lengthy, what remains is selected carefully. All past communications are available [here](#).

Upcoming Clinic Trainings and Office Hours	<ul style="list-style-type: none">• CoVP Update -- next meeting this Wednesday March 23 Provides CoVP Vaccinating Providers updates on the CoVP Program and Q&A with DPH staff. Every other Wednesday 9 am; Join: CoVP Update Meeting• The CT WiZ Office Hours Provides information about the CoVP enrollment process in CT WiZ and Q&A with DPH staff. Mondays 12-12:30pm; Join: CT WiZ Office Hours• Vaccine Storage and Handling Assessment For clinics who completed CoVP enrollment and received an invite to
---	---

	<p>attend. Tuesdays 10-11am and 1-2pm & Thursdays 1-2pm; By invitation Only</p> <p>Visit: VAMS Training and CT WiZ Training for enhancement release notes and training.</p>
<p>How to update your information in VaccineFinder/Vaccines.gov</p>	<p>COVID-19 vaccine inventory counts must be reported to VaccineFinder daily. This is required, regardless of whether your clinic is set as publicly displaying or private.</p> <p>Click here for instructions:</p> <ul style="list-style-type: none"> • If you need to make updates to your primary point of contact for VaccineFinder: <ul style="list-style-type: none"> ○ Please update CT WiZ under: Clinic Tools – Clinic Information – Staff. Include a note in the ‘comments field’ of the update stating this is for a new point of contact for VaccineFinder. Click here for the CT WiZ training. ○ Once completed, a registration link will be sent to the new contact from the CDC. If you do not receive this link, please email CARS_HelpDesk@cdc.gov to request they resend the registration link. • When the primary vaccine coordinator creates their initial account in VaccineFinder, they will be asked if they would like to report inventory for ‘all clinics’ under their organization or to report ‘clinics individually.’ <ul style="list-style-type: none"> ○ If you select the option to report for ‘all clinics’ under your organization, only your primary vaccine coordinator contact will receive a registration link. ○ If you select the option to report ‘individually’, your back-up vaccine coordinator will also receive a registration link. <p>If you choose to publicly display your clinic on Vaccines.gov (<i>optional</i>), please note that the shipping address listed in CT WiZ is what will be displayed on Vaccines.gov as your clinic location. Click here for training on how to publicly display your clinic on Vaccines.gov.</p>
<p>COVID-19 Vaccine Administration Information</p>	
<p>Updated COVID-19 Vaccine Recommendations</p>	<ul style="list-style-type: none"> • CDC recommends Staying Up to Date with vaccines by getting additional doses of vaccine when eligible for optimal protection against COVID-19. • Individuals are considered fully vaccinated two weeks after they have received the last dose in their primary series.

	<ul style="list-style-type: none"> • Children ages 5–11 with a weakened immune system can get an <i>additional dose</i> (3rd dose) of the Pfizer COVID-19 vaccine 28 days after their second shot. • Now everyone 12 and older should get a booster if they are eligible for the best possible protection against Omicron. • Anyone who received a Pfizer or Moderna primary series should get a booster 5 months after their second shot. • Immunocompromised individuals 5 years and older who completed an mRNA series should receive an mRNA booster 3 months after their last primary dose—for a total of 4 doses. • Immunocompromised individuals 18 years and older who received a single JnJ vaccine should receive one additional mRNA dose and one booster dose (preferably mRNA)—for a total of 3 doses. <ul style="list-style-type: none"> ◦ Emergency Use Instructions • CDC recommends COVID-19 vaccination for all people with a prior SARS-CoV-2 infection. • Anyone who previously received passive COVID-19 antibody products do not need to wait for any period prior to COVID-19 vaccination.
--	---

<p>Coadministration of COVID-19 and Influenza vaccines</p>	<p>You should administer COVID-19 and influenza vaccines without regard to timing (both live, attenuated and non-live influenza vaccines). This includes administration of COVID-19 and influenza vaccines on the same day, as well as administration at any time interval. (CDC Interim Clinical Considerations: Coadministration of COVID-19 and Influenza vaccines)</p> <p>Tips for Communicating the Benefits of Influenza Vaccine during COVID-19</p>

COVID-19 Vaccine Product Information

<p>Expiration Extensions</p>	<p>Janssen</p> <ul style="list-style-type: none"> • FDA extended shelf life for Johnson & Johnson's Janssen COVID-19 vaccine for an additional three months. The shelf life of this vaccine has been updated from 6 months to 9 months. This shelf-life extension applies to all inventory dated to expire on March 7, 2022, or later. Vaccine with an expiration date prior to March 7, 2022, should be disposed of and reported as waste via a helpdesk ticket. • Vaccine providers should visit the Janssen COVID-19 Vaccine Expiry Checker webpage to confirm the expiration dates. <p>Pfizer</p>
-------------------------------------	--

	<ul style="list-style-type: none"> FDA extended shelf-life for Pfizer Pediatric vaccine (Orange cap, 5-11 YO, diluent required) and Adol/Adult Tris (Gray Cap, age 12+, no diluent) to 9 months from date of manufacture when stored in an ultra-cold freezer. This approval may be found at Healthcare Providers for 5-11 years of age, orange cap (must dilute) (fda.gov); Healthcare Providers for 12 years of age and older, gray cap (no dilution) (fda.gov) and takes effect immediately. This extension applies to frozen (ULT) inventories only. Date of expiration always falls on the last day of the month <p>Moderna</p> <ul style="list-style-type: none"> FDA authorized an extension of the shelf life for certain lots of the Moderna COVID-19 vaccine. REMEMBER: vials must be maintained in the frozen state for the extension to be applicable (extension does not apply to thawed vials) Look up expiration date by scanning QR code located on the carton or use the company’s expiration date lookup feature on its website. Visit CDC's Vaccine Lot Number and Expiration Date webpage and complete the registration form to request access or contact JISInfo@cdc.gov.
<p>Report Vaccine Temperature Excursions and Wastage</p>	<p>Report vaccine temperature excursions and vaccines wasted to the Helpdesk by following the prompts and submitting a ticket.</p> <p>When reporting expired doses to the Helpdesk, please select the “Report Vaccine Wastage” ticket option, then select “Other” as the wastage reason and type “Expiration” in the text box when prompted. Please make sure that inventory is updated in VaccineFinder, VAMS, or CT WiZ as appropriate.</p>
<p>CT WiZ</p>	
<p>CT WiZ Vaccine Inventory Management</p>	<p>CVP Vaccine Inventory Management (ct.gov)</p> <ul style="list-style-type: none"> Moderna Inventory and Booster Adjustments in CT WiZ Moderna Wastage Reporting in CT WiZ
<p>Ensure Best Practice by Checking CT WiZ Before Vaccinating</p>	<p>Prior to administering any vaccine, including the COVID-19 vaccine, it is important that a recipient’s prior vaccine history be referenced in the Immunization Information System (CT WiZ); best clinical practice is to verify that the recommended interval has elapsed since a previous dose of vaccine and that the preferred brand of vaccine be administered.</p>

	<ul style="list-style-type: none"> • If your clinic established bi-directional data exchange, you can query CT WiZ for the patient immunization record electronically from your EHR. • Every CoVP enrolled clinic can look up the patient immunization record in the CT WiZ user interface. Those who signed the CoVP Provider Agreement and the primary and back-up vaccine coordinator already have CT WiZ access. • If your staff need access to CT WiZ, request a username and select the 'Clinic Access' role. Access to CT WiZ is defined in EXECUTIVE ORDER NO. 13C. • If you need support, please submit a Helpdesk ticket.
<p>COVID-19 SMART Health Card</p>	<p>The COVID-19 vaccination record SMART Health Card / QR code is available in the CT WiZ Immunization Information System (IIS) and the CT WiZ Public Portal.</p> <ul style="list-style-type: none"> • Recipients can access their own records by using the CT WiZ Public Portal. For security, this public portal uses 'two-factor authentication' to verify identify. • If recipients require support with accessing their vaccination record, they can complete the online request form or call our Immunization Program phone 860-509-7929 during business hours. <p>For FAQs, visit: CT WiZ Access My Immunization Record. This webpage has been updated with new FAQs about the SMART Health Card.</p> <p>Tip for Clinics: Ensuring your recipient's contact information is current at each visit (such as cell phone and email) will be helpful to enable recipients to access their own (or their minor child's) record in the CT WiZ Public Portal.</p>
<p>Replacement CDC COVID Vaccination Cards</p>	<p><i>Recommendation:</i> Post your procedure for recipients to request replacement cards, in a location visible to recipients at your clinic as well as on your website. If your clinic needs additional CDC COVID-19 Vaccination Cards, contact DPH.Immunizations@ct.gov.</p>
<p>Post Notice to Patients About Reporting to CT WiZ at CoVP Clinics</p>	<p>All clinics enrolled in the CoVP must post the Notice to Patients About Reporting to CT WiZ, to let vaccine recipients know their records are being reported to CT WiZ. If you are reporting through VAMS, this data is transmitted to CT WiZ.</p>
