Presentation of a Reinstatement Application for Heather Woodbury, DC, by Celeste Dowdell, License and Applications Analyst, Department of Public Health

Dr. Woodbury is applying for reinstatement of her Connecticut Chiropractic license. She previously held a license in North Carolina, Rhode Island and New York. There is no discipline against any of these.

Education: University of Bridgeport, graduated in 2000

Dr. Woodbury's last clinical practice was at Chiropractic Health Center of Glastonbury until 2017 when she left to care for an elderly parent. She plans to return to work once her license has been reinstated. She has also completed (48) Forty-Eight contact hours of continuing education in 2020.

Based on the above information does the Board recommend approval to reinstate Dr. Woodbury's license to practice?

To whom it may concern,

My name is Heather Woodbury and I am requesting reinstatement of my Connecticut chiropractic license, #1373.

In November 2017, I moved from Connecticut to care for my elderly father in Florida after the passing of my mother. During that time, I did not practice chiropractic.

Since returning to Connecticut in September 2020, I completed 48 hours of continuing education units, and I have been in a non-clinical position as a consultant and efficiency expert at Shaw Chiropractic in New Britain as of October 21, 2020.

I hope this information is helpful regarding the reinstatement of my Connecticut chiropractic license.

Please feel free to contact me for further information or clarification.

Sincerely,

Heather K Woodbury DC

Her duties were to provide chiropractic care to our patients and perform exams and X-rays. And yes she can perform these duties in a safe and skilled manner.

To whom it may concern,

I am writing to the board requesting consideration for reinstatement of my lapsed chiropractic license, number 1373. I was initially licensed in 2000 and actively practiced for 17 years. After my mother passed away, I left the state of Connecticut to care for my elderly father. I have since returned to Connecticut and intend to go back into practice as a chiropractor. I am currently employed in a non-clinical position at Shaw Chiropractic in New Britain, CT as a consultant and efficiency expert. Once my license is reinstated, I will work under the direct supervision of Dr. Steven W. Shaw, DC, or another senior doctor, in order to refresh my skills.

I have enclosed my current CV, showing my work experience since graduation from chiropractic college in 2000. I also have included the transcript that I have completed 48 hours of continuing education units, including those required by the state of Connecticut. Additionally, I have enclosed a letter from Dr. Steven Shaw to verify my employment with him and future plans.

Thank you for your consideration of my application to have my lapsed Connecticut chiropractic license reinstated.

Sincerely,

Heather K. Woodbury, DC.

RE: Heather K Woodbury, DC

To whom it may concern,

I am writing to the board on behalf of my colleague and employee, Heather K. Woodbury, DC who is seeking reinstatement of her lapsed license to practice chiropractic in Connecticut.

I have known Dr. Woodbury for over 20 years, 12 of which she was the senior chiropractic physician and clinical director of my practice in New Britain. Dr. Woodbury has always been an excellent clinician, and a compassionate doctor. She is among the most knowledgeable, responsible and ethical chiropractic physicians I have had the opportunity to work with during my 36-year career. She is representative of the best the chiropractic profession has to offer.

Upon becoming aware that Dr. Woodbury had returned to Connecticut, I contacted her to request that she consider joining my practice again. She acknowledged her interest and informed me of her licensure status. Therefore, she has temporarily joined my practice in the non-clinical capacity of a consultant and an efficiency expert. It is our mutual intention that as soon as she has her Connecticut license reinstated, she will work under my direct supervision, or that of another senior doctor, in order to refresh her skills. She is an asset to my practice and I eagerly await her return as a licensed chiropractor

Thank you for your consideration regarding the reinstatement of Dr. Woodbury's lapsed chiropractic license.

Sincerely yours,

Steven Shaw M.S., D.C., F.A.C.O.

A Note on Chiropractic Colleges in the United States

DOCTOR OF CHIROPRACTIC DEGREE PROGRAMS AND SOLITARY PURPOSE INSTITUTIONS

HOLDING ACCREDITED STATUS WITH THE COUNCIL ON CHIROPRACTIC EDUCATION

CCE is recognized by the United States Secretary of Education as the specialized accrediting agency for the Doctor of Chiropractic degree program (DCP) and has been so recognized since 1971.

There are 17 DCPs in the United States that are accredited by the Council on Chiropractic Education. Of these, 16 programs are also accredited as "institutions" by regional accrediting bodies such as North Central and the Southern Association of Colleges and Schools (or other accrediting bodies recognized by the US Department of Education). These regional bodies accredit the entire institution, allowing the CCE to focus strictly on the chiropractic education program.

One program (Life Chiropractic College-West) has both the overall institution and the chiropractic program accredited by The Council.
