CONNECTICUT
HEALTH IMPROVEMENT COALITION
Partners Integrating Efforts and Improving Population Health

Healthy Connecticut 2020
State Health Improvement Plan

Environmental Health Action Team Meeting
July 14, 2015

9am-11am

The Public Health Laboratory at 395 West Street, Rocky Hill

Agenda

Time	*min.*	Agenda Item	Notes
9:00-9:15	5	**Welcome (Introductions if needed)**	• Action Plan is for one year o If there is no data' we cannot move forward with the objective. • We need to make calls to key participants in order to encourage participation.
9:20-		• Complete discussion of the Small Community Water System drinking water language used on the plan and determine if the modified language is acceptable to the Action Team	• For objective 3 we have activities that we are doing but no actual measures. o It is developmental but no baseline data. o **New objective to replace** #3: "Percentage of population served by community water systems in CT that provide drinking water that meets all applicable health standards." (to match HCT 2020 Performance Dashboard language). • Parking Lot o Scratch objective #2 (recommendation)
		• Complete discussion of the Outdoor Air objectives contained in the plan and come to agreement that they are 'objectives.'	• Not completed: Requires Action within the next week. • Did not receive input from Step 1 sheet yet. • Increasing public awareness of the presence and risks of poor air quality days is different than improving air quality (keep as separate objectives).
		• Prioritize all objectives, and select the top 3-5 objectives through consensus process	• (Objective #4) Bob Girard to find out what percentage of pollution comes from within the state

				• Suggestion: Objective #6 moves up to Phase 1 because there are organizations in place
				  o Wording is correct but strategies will need to be changed later down the road
				  o Define and select specific measures
				  o Recommend that it have a health **equity** component
				• Objective 7: Is more of a strategy not an objective
				• Objective 8: We need to discuss with <u>Advisory Council</u> because its very crosscutting
				• Keep #1,3,6

	15	**Next Steps**
		• Overview for Step 2, 3, Next meeting date and location, and Adjourn
		• Identify priorities
		• Convene groups
		• Adjourn
				1. Discuss objectives 4&5 with Bob Girard to provide context for prioritization.
				2. Send out Survey Monkey poll for voting. Objective is to have drafted priorities for 7/28 in person meeting
				3. **Homework:** Once priorities are voted on, start looking for evidence-based strategies.
				
				• **Next Meeting Dates:**
				  o **7/28** 1:30pm-3:30pm (DPH Lab)
				  o **8/11** 9am-10am (Conference call)
				  o **8/25** 1:30pm-3:30pm (Location TBD)
