1:30pm-3:00pm	Content Sheet breakouts	<p>Erica has questions about AAP changes in milk pooling guidelines, that were rescinded. See the attached response from the AAP Section on Breastfeeding. Bottom line: The AAP Section on Breastfeeding was misquoted, they are asking for a retraction, and WIC staff should continue to use the CDC Guidelines for milk pumping, handling, and storage.</p> <p>Continue work. Marilyn and Lori will send out emails to each of the groups: Exclusive Pumping and Update to Breast Pump Training. Breast Pump Policy and Training updates are underway. Lauren emailed an updated to the group on tasks status and next steps. Lori will reach out to the group about remaining tasks. Thank you for all hard work, everyone has taken on a piece of this. Consideration for adding New Haven's outline for annual training as a new additional tool.</p>	Groups
