Donna Ortelle, Section Chief, Facility Licensing and Investigations Section

DATE: April 23, 2021

SUBJECT: Webinar – Strike Contingency Plans

The Department of Public Health (DPH) is planning for potential strikes within unionized long-term care facilities. In accordance with Section 19a-497 of the Connecticut General Statutes, an institution shall, "upon receipt of a notice of intention to strike by a labor organization representing the employees of such institution, in accordance with the provisions of the National Labor Relations Act, 29 USC 158, file a strike contingency plan with the commissioner not later than five days before the date indicated for the strike." Part of the preparation entails providing facilities with assistance in the development of strike contingency plans in the event labor action occurs.

The Department has scheduled Webinars for April 27, 2021 from 9-11AM and April 28, 2021 from 9-11AM. You only need to register for ONE webinar.

The purpose of the session is to review laws and regulations pertaining to nursing home strike planning, answer questions, review Strike Contingency Plan requirements and other documents you may need to submit to DPH. Strike Contingency materials that have been compiled by the Department can be accessed from the DPH website at
