SUBJECT: Updated Start Time for Capabilities Training Series

---

The Public Health Emergency Preparedness and Response Section recently announced a training series under circular memorandum # OPHPR: 2023-12b for directors of health and local public health preparedness staff on the Centers for Disease Control and Prevention's national standards for public health emergency preparedness.

Due to scheduling conflicts for our partners, we are revising the start time to the training series. The training series will continue to be held on the fourth Thursday of each month but, will begin at **11:30am** moving forward.

Please alert your staff to this new start time, which is also reflected in the updated training series schedule on the following page. The link to the Teams meeting remains the same.

We look forward to seeing you on the next session, Community Recovery, scheduled for October 26<sup>th</sup>!
