RE: Jurisdictional Risk Assessment

---

Today, DPH distributed an online survey to a wide range of ESF-8 partners that will assist us in meeting grant deliverables for a jurisdictional risk assessment.

The department's contract with CRI regions requires the contractor to:

Convene with the CRI Region's ESF-8 committee, annually, by Funding Period end, to complete the Department's risk-based jurisdictional data collection form which will be used to inform the statewide JRA.

As DPH has shared this survey with a wide range of ESF-8 partners, you do not need to convene a meeting with the region's ESF-8 committee to complete the survey. To satisfy the deliverable, please complete the survey and share it with ESF-8 partners within your respective regions.

Thank you.
