

Accreditation Learning Community
July 26, 2017
Meeting Summary

- How has your department adopted the Accreditation Coordinator role and what resources are being used?
 - Reaccreditation, performance management/QI, CHIP; core funding and state funding
 - Employees (10) each took a domain to be in charge of
 - In the preliminary stages of accreditation is in process of hiring an accreditation coordinator
 - Performance management, quality improvement, workforce development; used to be a project assistant which was grant funded
 - ASI grant x 2 to fund strategic plan and fund salary; Director went to town council to ask for some funding for the accreditation fee; CHA/CHIP- work with hospitals
 - 4 accreditation coordinator positions are being funded using the PHHSBG
- Etienne Holder, DPH Dashboard Coordinator presented on DPH's Performance Management System and how to approach creating performance measures for health programs in the context of PHAB Standards and Measures
- Questions from Participants
 - For those who haven't done their CHA, is there any effort made by DPH to make secondary data sets (a summary) that were used for the SHA available to local health?
 - Melissa will check with Health Statistics and Surveillance section
 - [State Innovation Model \(SIM\) Population Health Council Presentation](#)
 - [State Health Profile Data Packet](#)
 - How do departments/districts manage having a hospital in their jurisdiction that caters to people outside of the jurisdiction (example: Farmington Valley has UConn Health Center and get a lot of patients from Hartford)?
 - (Stratford) – hospitals pay the fee, but HD works with hospital to go out into towns/jurisdiction to gather data
 - What are departments/districts doing if they don't have a hospital to partner with?
- Possible Future Topics
 - How to improve community engagement
 - How to incorporate health equity
 - Domain 7
