PROCEDURAL BACKGROUND

On ██████████, Ascend Management Innovations LLC/Maximus, (“Ascend”), the Department of Social Services contractor that administers approval of nursing home care, sent ██████████ (the “Appellant”) a notice of action denying nursing facility (“NF”) level of care (“LOC”) as not being medically necessary.

On ██████████, the Appellant requested an administrative hearing to contest Ascend’s decision to deny NF LOC.

On ██████████, the Office of Legal Counsel, Regulations, and Administrative Hearings (“OLCRAH”) issued a notice scheduling the administrative hearing for ██████████.

On ██████████, in accordance with sections 17b-60, 17-61, and 4-176e to 4-184 inclusive, of the Connecticut General Statutes, OLCRAH held an administrative hearing by telephonic conferencing.

The following individuals participated in the hearing:

██████████, Appellant  
██████████, Social Worker, Fresh River Healthcare  
Ellen Troyon, DSS Central Office  
Jean Denton, Ascend/Maximus  
Sara Hart, Hearing Officer

## **STATEMENT OF THE ISSUE**

The issue is whether Ascend correctly denied the Appellant's request for NF LOC approval.

## **FINDINGS OF FACT**

1. The Appellant is [REDACTED] years old ([REDACTED]) and is a Medicaid recipient. (*Exhibit 6: Level of Care Form, Hearing Record, Appellant's Testimony*)
2. The Appellant's medical history includes, but is not limited to, Major Depressive disorder, suicidal ideation, PTSD, Bipolar disorder, and opioid use in remission. (*Exhibit 6, FRHC Representative's Testimony*)
3. On [REDACTED], the Appellant was admitted to Fresh River HealthCare ("FRHC"), a skilled nursing facility, from the Institute of Living, with a diagnosis of neurocognitive disorder and suicidal ideation. (*Exhibit 6: Level of Care Form, Maximus Representative's Testimony*)
4. On [REDACTED], FRHC submitted a NFLOC referral to Ascend. The NFLOC screen described the individual's current ADL support needs as follows: The Appellant required supervision with bathing, eating, and dressing. For IADLs, the Appellant required verbal assistance with medications and supervision with meal preparation. Ascend required a Medical Doctor Review and determined that the Appellant's needs could be met in the community with appropriate support. (*Exhibit 6, Hearing Summary*)
5. On [REDACTED], Ascend's medical doctor, Bill Regan, M.D., reviewed the NFLOC screen, Practitioner Certification, Minimum Data Set, Completed Care Details, Progress Note, Physician's Orders, History and Physical, and Discharge Summary. Dr. Reagan determined that NF LOC was not medically necessary, and that the Appellant did not require the continuous nursing services delivered at the level of the NF. The Appellant's ADL support needs were independent for dressing, eating, toileting, continence, transferring, and mobility with supervision needed for bathing. For IADL's, the Appellant required verbal assistance for medication support and the reviewing doctor determined that her needs could be met in a less restrictive setting. (*Exhibit 6, Hearing Summary*)
6. On [REDACTED], Ascend issued a notice of action to the Appellant and facility indicating short-term NF placement is not medically necessary for the Appellant. (*Exhibit 5: NOA [REDACTED]*)
7. On [REDACTED], the Department received the Appellant's hearing request. (*Hearing Record*)

8. The Appellant is independent with all of her ADLs. She does not require hands-on assistance with bathing, dressing, eating, toileting, continence, transferring, or mobility. The Appellant requires verbal assistance for medication support. (*Exhibit 8: Completed Care Detail, Appellant's Testimony, Exhibit 6*)
9. The Appellant's current prescription medications include, but are not limited to: Methadone, Latuda, Trazadone, Gabapentin, and Melatonin. All medications are administered orally. (*Exhibit 13: Physician's Orders; FRHC Representative's Testimony*)
10. The Appellant is not currently receiving speech, occupational, or physical therapy services. (*Appellant's Testimony, Hearing Record*)
11. Neither the facility nor the Appellant submitted evidence to support the position that the Appellant needs constant and continuous care for a chronic condition equal to that of a nursing home level. (*Record*)
12. The issuance of this decision is timely under Connecticut General Statutes ("Conn. Gen. Stat.") 17b-61(a), which requires that the Department issue a decision within 90 days of the request for an administrative hearing. The Appellant requested an administrative hearing on [REDACTED]; therefore, this decision is due no later than [REDACTED]

### **CONCLUSIONS OF LAW**

1. Section 17b-2 of the Connecticut General Statutes provides the Department of Social Services is designated as the state agency for the administration of (6) the Medicaid program pursuant to Title XIX of the Social Security Act.
2. Section 17b-262-707(a) of Regulations of Connecticut State Agencies provides that the department shall pay for an admission that is medically necessary and medically appropriate as evidenced by the following:
  - (1) certification by a licensed practitioner that a client admitted to a nursing facility meets the criteria outlined in section 19-13-D8t(d)(1) of the Regulations of Connecticut State Agencies. This certification of the need for care shall be made before the department authorizes payment. The licensed practitioner shall use and sign all forms specified by the department;
  - (2) the department's evaluation and written authorization of the client's need for nursing facility services as ordered by the licensed practitioner;
  - (3) a health screen for clients eligible for the Connecticut Home Care Program for Elders as described in section 17b-342-4(a) of the Regulations of Connecticut State Agencies;
  - (4) a preadmission MI/MR screen signed by the department; or an exemption form, in accordance with 42 CFR 483.106(b), as amended from time to time,

- for any hospital discharge, readmission or transfer for which a preadmission MI/MR screen was not completed; and
- (5) a preadmission screening level II evaluation for any individual suspected of having a mental illness or mental retardation as identified by the *preadmission MI/MR screen*.

Section 17b-262-707(b) of the Regulations of Connecticut State Agencies provides the Department shall pay a provider only when the department has authorized payment for the client's admission to that nursing facility.

**The Appellant is a resident of a long-term care facility authorized to receive payment for NF services.**

3. Section § 17b-259b(a) of the Connecticut General Statutes provides for purposes of the administration of the medical assistance programs by the Department of Social Services, "medically necessary" and "medical necessity" mean those health services required to prevent, identify, diagnose, treat, rehabilitate or ameliorate an individual's medical condition, including mental illness, or its effects, in order to attain or maintain the individual's achievable health and independent functioning provided such services are: (1) Consistent with generally-accepted standards of medical practice that are defined as standards that are based on (A) credible scientific evidence published in peer-reviewed medical literature that is generally recognized by the relevant medical community, (B) recommendations of a physician-specialty society, (C) the views of physicians practicing in relevant clinical areas, and (D) any other relevant factors; (2) clinically appropriate in terms of type, frequency, timing, site, extent and duration and considered effective for the individual's illness, injury or disease; (3) not primarily for the convenience of the individual, the individual's health care provider or other health care providers; (4) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the individual's illness, injury or disease; and (5) based on an assessment of the individual and his or her medical condition. (b) Clinical policies, medical policies, clinical criteria or any other generally accepted clinical practice guidelines used to assist in evaluating the medical necessity of a requested health service shall be used solely as guidelines and shall not be the basis for a final determination of medical necessity. (c) Upon denial of a request for authorization of services based on medical necessity, the individual shall be notified that, upon request, the Department of Social Services shall provide a copy of the specific guideline or criteria, or portion thereof, other than the medical necessity definition provided in subsection (a) of this section, that was considered by the department or an entity acting on behalf of the department in determining medical necessity.

Title 42 of the Code of Federal Regulations § 440.230 provides for sufficiency of amount, duration, and scope. (d) The agency may place appropriate limits on a service based on such criteria as medical necessity or utilization control procedures.

**Ascend correctly determined the Appellant does not have uncontrolled and/or unstable conditions requiring continuous skilled nursing services.**

**Ascend correctly determined that NF services are not clinically appropriate in terms of the level of service or considered effective for the Appellant's illness, injury, or disease. Ascend correctly determined that NF services are not medically necessary for the Appellant because she does not need substantial assistance with personal care on a daily basis.**

**Ascend correctly determined that the Appellant does not meet the medically necessary criteria for a NF LOC.**

**DECISION**

The Appellant's appeal is **DENIED**.
