administrative hearing.

PROCEDURAL BACKGROUND

On _______ 2017 Connecticut Dental Health Partnership ("CTDHP") sent (the "Appellant") a Notice of Action ("NOA") denying a request for prior authorization of interceptive orthodontic treatment for her minor child, indicating that severity of child's malocclusion did not meet the medical necessity requirement.

On _______ 2017, the Appellant requested an administrative hearing to contest the decision to deny prior authorization of orthodontia.

On _______ 2017, the Office of Legal Counsel, Regulations, and Administrative Hearings ("OLCRAH") issued a notice scheduling the administrative hearing for _______ 2017.

On _______ 2017 in accordance with sections 17b-60, 17-61 and 4-176e to 4-189 inclusive, of the Connecticut General Statutes, OLCRAH held an

The following individuals were present at the hearing:

Appellant's minor child

Magdalena Carter, CTDHP Grievance Mediation Specialist

Dr. Greg. E. Johnson, CTDHP Dental Consultant

Almelinda McLeod, Hearing Officer

On 2017, the case record was re-opened for the submission of CTDHP's evaluation of an additional photograph submitted as evidence by the Appellant. The case record was closed on 2017.
STATEMENT OF THE ISSUE
The issue to be decided is whether the CTDHP's decision to deny the prior authorization through the Medicaid program for interceptive orthodontic services is correct because such services are not medically necessary, in accordance with state law.
FINDINGS OF FACT
1. The Appellant is the father of the minor child. (hearing record)
 is 10 years old; date of birth is // 07 and is a participant in the Medicaid program as administered by the Department of Social Services. (Appellants testimony and hearing record)
 Connecticut Dental Health Partnership ("CTDHP") is the dental subcontractor for the Ct Department of Social Services.
4. Dr. is the treating orthodontist. (Exhibit 1A, Prior Authorization form)
5. On 2017, CTDHP received a prior authorization request for braces for from Dr. Dr. Dr. is scored 14 points on the Malocclusion Severity Assessment indicating the presence of other severe deviations affecting the mouth and underlying structures and commented that tooth number 6 was impacted. (Exhibit #2, Preliminary Handicapping Malocclusion Severity Assessment form)
The Malocclusion Severity Assessment record is a test measuring the severity of malocclusion.
7. On 2017, Dr. Benson Monastersky (orthodontic dental consultant with CTDHP) evaluated the Panorex and Clads of teeth and arrived at a score of 18 on the malocclusion assessment record. He indicated "tooth number 6 appears to be on a path to erupt. Re-evaluate in one year." (Exhibit #3, Preliminary Handicapping Malocclusion Assessment record)
8. On 2017 Dr. Monastersky found no evidence of irregular growth or development of the jaw bones. Noted there is no evidence of severe

found that there was no evidence of severe deviations; thus CTDHP's decision was to deny approval for prior authorization because the criteria for interceptive orthodontic treatment had not been met.

CONCLUSIONS OF LAW

- Section 17b-262 of the Connecticut General Statutes authorizes the Commissioner of the Department of Social Services to administer the medical assistance program.
- 2. Section 17b-259b of the Ct General Statutes provides (a) for purposes of the administration of the medical assistance programs by the Department of Social Services, "medically necessary" and "medical necessity" mean those health services required to prevent, identify, diagnose, treat, rehabilitate or ameliorate an individual's medical condition, including mental illness, or its effects, in order to attain or maintain the individual's achievable health and independent functioning provided such services are: (1) Consistent with generally-accepted standards of medical practice that are defined as standards that are based on (A) credible scientific evidence published in peer-reviewed medical literature that is generally recognized by the relevant medical community, (B) recommendations of a physician-specialty society, (C) the views of physicians practicing in relevant clinical areas, and (D) any other relevant factors; (2) clinically appropriate in terms of type, frequency, timing, site, extent and duration and considered effective for the individual's illness, injury or disease; (3) not primarily for the convenience of the individual, the individual's health care provider or other health care providers; (4) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the individual's illness, injury or disease; and (5) based on an assessment of the individual and his or her medical condition.
 - (b) Clinical policies, medical policies, clinical criteria or any other generally accepted clinical practice guidelines used to assist in evaluating the medical necessity of a requested health service shall be used solely as guidelines and shall not be the basis for a final determination of medical necessity.
 - (c) Upon denial of a request for authorization of services based on medical necessity, the individual shall be notified that, upon request, the Department of Social Services shall provide a copy of the specific guideline or criteria, or portion thereof, other than the medical necessity definition provided in subsection (a) of this section, that was considered by the department or an entity acting on behalf of the department in making the determination of medical necessity.

- 3. Connecticut Agencies Regulations § 17-134d-35 (f) (1) provide that prior authorization is required for the comprehensive diagnostic assessment. The qualified dentist shall submit: (A) the authorization request form; (B) the completed Preliminary Handicapping Malocclusion Assessment Record; (C) Preliminary assessment study models of the patients dentition; and (D) additional supportive information about the presence of other severe deviations described in Section (e) if necessary. The study models must clearly show the occlusal deviations and support the total point score of the preliminary assessment. If the qualified dentist receives authorization from the Department, he/ she may proceed with the diagnostic assessment.
- 4. Connecticut Agencies Regulations § 17-134d-35 (b) (3) define the Preliminary Handicapping Malocclusion Assessment Record as the method of determining the degree of malocclusion and eligibility for orthodontic services. Such assessment is completed prior to performing the comprehensive diagnostic assessment.
- 5. Sec. 17b-282e. Orthodontic services for Medicaid recipients under twenty-one years of age. The Department of Social Services shall cover orthodontic services for a Medicaid recipient under twenty-one years of age when the Salzmann Handicapping Malocclusion Index indicates a correctly scored assessment for the recipient of twenty-six points (26) or greater, subject to prior authorization requirements. If a recipient's score on the Salzmann Handicapping Malocclusion Index is less than twenty-six points, the Department of Social Services shall consider additional substantive information when determining the need for orthodontic services, including (1) documentation of the presence of other severe deviations affecting the oral facial structures; and (2) the presence of severe mental, emotional or behavioral problems or disturbances, as defined in the most current edition of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association, that affects the individual's daily functioning.
- 6. Conn. Agencies Regs. §17-134d-35 (e) (2) provides in relevant part that the Department shall consider additional information of a substantial nature about the presence of severe mental, emotional, and/ or behavior problems, disturbances or dysfunctions as defined in the most current edition of the Diagnostic Statistical Manual if the American Psychiatric Association, and which may be caused by the recipient's daily functioning. The Department will only consider cases where a diagnostic evaluation has been performed by a licensed psychiatrist or a licensed psychologist who has accordingly limited his or practice to child psychiatry or child psychology. The evaluation must clearly and substantially document how the dento-facial deformity is related to the child's mental, emotional and /

or behavior problems and that orthodontic treatment is necessary and in this case will significantly ameliorate the problems.

- study models submitted for prior authorization did not show the occlusal deviations necessary to support a 26 point score on the preliminary assessment.
- 8. has not been evaluated or diagnosed by a child psychiatrist or child psychologists with any severe mental, emotional or behavioral problems or disturbances directly related to the malocclusion of her teeth.
- CTDHP/ Benecare correctly determined there was no evidence presented indicating had severe deviations affecting the mouth and underlying structures and no evidence she suffered from emotional issues related to the condition of her teeth.
- 10.CTDHP / Benecare correctly denied the prior authorization request for orthodontic services for as her Malocclusion did not meet the criteria for severity, or 26 points on the Preliminary Handicapping Malocclusion Assessment Record as required.
- 11.CTDHP/ Benecare correctly determined the request for braces for was not medically necessary, in accordance with state statute and regulations.
