PROCEDURAL BACKGROUND

On ██████████ 2021, the Connecticut Dental Health Partnership (“CTDHP”), issued a notice of action (“NOA”) to ██████████ (the “Appellant”) denying a request for prior authorization of orthodontia for ██████████, (the “Child”) her minor child. The NOA informed the Appellant that orthodontia for the Child was not medically necessary because the severity of the Child’s malocclusion did not meet requirements set in state statute and regulations for medical necessity.

On ██████████ 2021, the Appellant requested an administrative hearing to contest the Department’s denial of prior authorization orthodontia.

On ██████████, 2021, the Office of Legal Counsel, Regulations, and Administrative Hearings (“OLCRAH”) issued a notice scheduling the administrative hearing for ██████████ 2021. The Hearing was scheduled to be held telephonically due to the COVID-19 pandemic.

On ██████████ 2021, at the Appellant’s request, the OLCRAH issued another notice rescheduling the administrative hearing for ██████████ 2021. The Hearing was scheduled to be held telephonically due to the COVID-19 pandemic.

On [REDACTED] 2021, in accordance with sections 17b-60, 17b-61, and 4-176e to 4-189, inclusive, of the Connecticut General Statutes, OLCRAH held an administrative hearing via telephone.

The following individuals participated in the hearing:

[REDACTED], Appellant
Rosario Monteza, CTDHP's representative
Dr. Vincent Fazzino, CTDHP's Dental Consultant
Swati Sehgal, Hearing Officer

STATEMENT OF THE ISSUE

The issue is whether CTDHP's denial of prior authorization through the Medicaid program for the Child's orthodontic services was in accordance with state law.

FINDINGS OF FACT

1. The Appellant is the Child's grandmother. (Hearing Record)
2. The Child is [REDACTED] years old (D.O.B. [REDACTED]) and is a participant in the Medicaid program, as administered by the Department of Social Services (the "Department"). (Exhibit 1: Prior Authorization and Hearing Record, Appellant's Testimony)
3. The Child is a participant in the Medicaid program, as administered by the Department of Social Services. (Hearing Record, Exhibit 1: Orthodontia Services Claim Form)
4. CTDHP also known as BeneCare Dental Plans is the Department's contractor for reviewing dental providers' requests for prior authorization of orthodontic treatment. (Hearing Record)
5. [REDACTED] is the Child's treating orthodontist (the "treating orthodontist"). (Exhibit 1)
6. On [REDACTED] 2021, the treating orthodontist requested prior authorization to complete orthodontic services for the Child. (Hearing record, Exhibit 1: Orthodontia Services Claim form)
7. On [REDACTED], 2021, CTDHP received from the treating orthodontist, a Preliminary Handicapping Malocclusion Assessment Record with a score of thirty (30) points, dental models, and X-rays of the Child's mouth. (Hearing record, Exhibit 2: Malocclusion Assessment Record)

8. On ██████████ 2021, Dr. Geoffrey Drawbridge, CTDHP's orthodontic dental consultant, independently reviewed models, and x-rays of the Child's mouth and arrived at a score of twenty (20) points on a completed Preliminary Handicapping Malocclusion Assessment Record. Dr. Drawbridge found no presence of severe deviations affecting the mouth and underlying structures. There was no evidence presented of any treatment by a licensed psychiatrist or psychologist related to the condition of the Child's teeth. (Exhibit 3: Preliminary Handicapping Malocclusion Assessment Record)
9. On ██████████ 2021, CTDHP denied the treating orthodontist's request for prior authorization for orthodontic services because the scoring of the Child's mouth was less than the twenty-six points needed for coverage and that there is no substantial information about the presence of severe deviations affecting the mouth and underlying structures. (Exhibit 4: Notice of Action for Denied Services or Goods)
10. On ██████████ 2021, the Appellant requested an administrative hearing on the denial of braces for the Child. (Exhibit 5: Hearing request)
11. On ██████████ 2021, pursuant to the Appellant's appeal filed on July 19, 2021, Dr. Vincent Fazzino, a Dental Consultant for CTDHP conducted an appeal review of the Child's dental records and models and arrived at a score of twenty-two (22) points on a completed Preliminary Handicapping Malocclusion Assessment Record. Dr. Fazzino found no presence of severe deviations affecting the mouth and underlying structures. There was no evidence presented of any treatment by a licensed psychiatrist or psychologist related to the condition of the Child's teeth. Dr. Fazzino decided to deny the request for prior authorization for the orthodontic treatment. (Exhibit 7: Preliminary Handicapping Malocclusion Assessment Record)
12. On ██████████ 2021, CTDHP sent another letter to the Appellant denying her request for orthodontic treatment for the Child. (Exhibit 8: Determination Letter)
13. The Child does not have problems swallowing food. (Appellant's Testimony)
14. The Child does not experience an infection of the mouth. (Appellant's Testimony)
15. The Child is not being treated by a qualified psychiatrist or psychologist for mental emotional or behavior problems, disturbances, or dysfunctions related to her malocclusion at this time. (Appellant's Testimony)

16. The issuance of this decision is timely under Connecticut General Statutes 17b-61(a), which requires that a decision be issued within 90 days of the request for an administrative hearing. The Appellant requested an administrative hearing on [REDACTED] 2021. Therefore, this decision was due no later than [REDACTED] 2021. However, the hearing, which was originally scheduled for [REDACTED] 2021, was rescheduled for [REDACTED] 2021, at the request of the Appellant, which caused a 14-day delay. Because this 14-day delay resulted from the Appellant's request, this decision is not due until [REDACTED] 2021, and is therefore timely.

CONCLUSIONS OF LAW

1. Connecticut General Statutes §17b-262 provides that the Department may make such regulations as are necessary to administer the medical assistance program.
2. Connecticut Agencies Regulations §17-134d-35(a) provides that orthodontic services provided for individuals less than 21 years of age will be paid for when provided by a qualified dentist and deemed medically necessary as described in these regulations.
3. Connecticut General Statutes §17b-259b provides that "(a) For purposes of the administration of the medical assistance programs by the Department of Social Services, "medically necessary" and "medical necessity" mean those health services required to prevent, identify, diagnose, treat, rehabilitate or ameliorate an individual's medical condition, including mental illness, or its effects, in order to attain or maintain the individual's achievable health and independent functioning provided such services are: (1) Consistent with generally-accepted standards of medical practice that are defined as standards that are based on (A) credible scientific evidence published in peer-reviewed medical literature that is generally recognized by the relevant medical community, (B) recommendations of a physician-specialty society, (C) the views of physicians practicing in relevant clinical areas, and (D) any other relevant factors; (2) clinically appropriate in terms of type, frequency, timing, site, extent and duration and considered effective for the individual's illness, injury or disease; (3) not primarily for the convenience of the individual, the individual's health care provider or other health care providers; (4) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the individual's illness, injury or disease; and (5) based on an assessment of the individual and his or her medical condition".
4. Connecticut Agencies Regulations §17-134d-35(f) provides in relevant part that "The study models submitted for prior authorization must clearly show the occlusal deviations and support the total point score of the preliminary assessment...."

5. Connecticut General Statutes § 17b-282e provides in relevant part that “The Department of Social Services shall cover orthodontic services for a Medicaid recipient under twenty-one years of age when the Salzman Handicapping Malocclusion Index indicates a correctly scored assessment for the recipient of twenty-six points or greater, subject to prior authorization requirements. If a recipient’s score on the Salzman Handicapping Malocclusion Index is less than twenty-six points, the Department of Social Services shall consider additional substantive information when determining the need for orthodontic services, including (1) documentation of the presence of other severe deviations affecting the oral-facial structures; and (2) the presence of severe mental, emotional or behavioral problems or disturbances, as defined in the most current edition of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association, that affects the individual’s daily functioning”.
6. CTDHP correctly determined that the models submitted for prior authorization do not meet the requirement of a 26-point score on the preliminary assessment. There is no presence of severe deviations affecting the mouth and underlying structures.
7. CTDHP correctly determined that a licensed psychiatrist or licensed psychologist who has limited his or her practice to child psychiatry or child psychology has not recommended that the Child receive orthodontic treatment to significantly ameliorate her mental, emotional, and or behavior problems, disturbances, or dysfunctions.
8. CTDHP correctly denied the prior authorization because the Child does not meet the medical necessity criteria for orthodontic services, in accordance with state statutes and regulations.

DISCUSSION

State regulations provide that when a child is correctly scored with at least 26 points on a Preliminary Handicapping Malocclusion Assessment Record, a test measuring severity of malocclusion and dentofacial deformity, the Medicaid program will authorize and pay for orthodontic treatment

The treating orthodontist scored the malocclusion of the Child’s teeth to equal 30 points, two other dentists in blind reviews independently assessed the Child’s models and scored the malocclusion to equal 20 and 22 points, respectively. It is reasonable to conclude that the models do not support the severity of malocclusions and dentofacial deformity.

There is some consensus across all three assessments that the Child has the presence of overjet, crowding, and some overbite with her teeth and has been evaluated and

scored accordingly. The issue is the severity of the malocclusion. Unfortunately, based on the evidence provided by the treating orthodontist, the child's malocclusion does not meet the medical necessity criteria for orthodontic services, in accordance with state statutes and regulations at this time.

DECISION

The Appellant's appeal is **DENIED**.

Swati Sehgal
Hearing Officer

cc: Magdalena Carter, Connecticut Dental Health Partnership
Rita LaRosa, Connecticut Dental Health Partnership

RIGHT TO REQUEST RECONSIDERATION

The appellant has the right to file a written reconsideration request within **15** days of the mailing date of the decision on the grounds there was an error of fact or law, new evidence has been discovered or other good cause exists. If the request for reconsideration is granted, the appellant will be notified within 25 days of the request date. No response within **25** days means that the request for reconsideration has been denied. The right to request a reconsideration is based on §4-181a(a) of the Connecticut General Statutes.

Reconsideration requests should include specific grounds for the request: for example, indicate what error of fact or law, what new evidence, or what other good cause exists.

Reconsideration requests should be sent to: Department of Social Services, Director, Office of Legal Counsel, Regulations, and Administrative Hearings, 55 Farmington Avenue, Hartford, CT 06105.

RIGHT TO APPEAL

The appellant has the right to appeal this decision to Superior Court within 45 days of the mailing of this decision, or 45 days after the agency denies a petition for reconsideration of this decision, provided that the petition for reconsideration was filed timely with the Department. The right to appeal is based on §4-183 of the Connecticut General Statutes. To appeal, a petition must be filed at Superior Court. A copy of the petition must be served upon the Office of the Attorney General, 165 Capitol Ave, Hartford, CT 06106 or the Commissioner of the Department of Social Services, 55 Farmington Avenue, Hartford, CT 06105. A copy of the petition must also be served on all parties to the hearing.

The **45** day appeal period may be extended in certain instances if there is good cause. The extension request must be filed with the Commissioner of the Department of Social Services in writing no later than **90** days from the mailing of the decision. Good cause circumstances are evaluated by the Commissioner or his designee in accordance with §17b-61 of the Connecticut General Statutes. The Agency's decision to grant an extension is final and is not subject to review or appeal.

The appeal should be filed with the clerk of the Superior Court in the Judicial District of New Britain or the Judicial District in which the appellant resides.
