NOTICE OF DECISION
PARTY

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

On [REDACTED], 2023, Connecticut Dental Health Partnership (“CTDHP”) the dental subcontractor for the Department of Social Services (the “Department”) sent [REDACTED] (the “Appellant”) a Notice of Action (“NOA”) denying a request for prior authorization of orthodontia for [REDACTED] (the “child”) indicating that the proposed orthodontia treatment was not medically necessary.

On [REDACTED], 2023, the Appellant requested an administrative hearing to contest CTDHP’s decision to deny the request for prior authorization of orthodontia.

On [REDACTED], 2023, the Office of Legal Counsel, Regulations, and Administrative Hearings (“OLCRAH”) issued a notice scheduling the administrative hearing for [REDACTED], 2023.

On [REDACTED], 2023, in accordance with sections 17b-60, 17b-61 and 4-176e to 4-184, inclusive, of the Connecticut General Statutes, the OLCRAH held an administrative hearing. The following individuals participated in the hearing:

[REDACTED], Appellant
Cindy Ramos, Grievance and Appeals Representative, CTDHP
Dr. Joseph D’Ambrosio, DMD, Dental Consultant, CTDHP
Joseph Davey, Administrative Hearing Office

The hearing record was held open until [REDACTED], 2023, for the submission of additional information from the Appellant and CTDHP. Information from CTDHP was received on [REDACTED], 2023. The hearing record closed on [REDACTED], 2023, without any submission of information from the Appellant.

STATEMENT OF THE ISSUE

The issue to be decided is whether CTDHP's decision to deny orthodontia for the Appellant's child was in accordance with state statutes and regulations.

FINDINGS OF FACT

1. The child is [REDACTED] ([REDACTED]) years old (D.O.B. [REDACTED]) and is active on Medicaid. (Exhibit 1: [REDACTED] Prior Authorization Claim Form dated [REDACTED], Hearing Record, Appellant's testimony)
2. The Appellant is the child's mother. (Hearing Record, Appellant's testimony)
3. [REDACTED] [REDACTED] [REDACTED] (the "Treating Orthodontist") is the child's treating provider. (Exhibit 1)
4. On [REDACTED], 2023, the Treating Orthodontist submitted a Prior Authorization claim form to CTDHP. (Exhibit 1, Hearing Record)
5. On [REDACTED], 2023, the Treating Orthodontist submitted a Preliminary Handicapping Malocclusion Assessment Record with a score of fourteen (15) points to CTDHP. Included were models and x-rays of the child's teeth. The Treating Orthodontist noted: "Impacted #18" (Exhibit 2: [REDACTED] Malocclusion Severity Assessment dated 05/11/23, Hearing Record)
6. On [REDACTED], 2023, Dr. Robert Gange, CTDHP's orthodontic consultant, reviewed the x-rays and models of the child's teeth submitted by the Treating Orthodontist. Dr. Gange completed a Preliminary Handicapping Malocclusion Assessment Record and independently arrived at a score of seventeen (17) points. Dr. Gange did not find any evidence of severe irregular placement of the child's teeth within the dental arches and found no irregular growth or development of the child's jaw. (Exhibit 3: Dr. Robert Gange's Malocclusion Severity Assessment dated [REDACTED])
7. On [REDACTED], 2023, CTDHP issued a NOA denying the Treating Orthodontist's request for prior authorization for orthodontic services because the scoring of the child's mouth was less than the twenty-six (26) points required for coverage. In addition, there was no evidence provided to indicate the presence of severe deviations affecting the mouth and underlying structures and no evidence that a diagnostic evaluation has been done by a licensed child psychologist or child psychiatrist indicating that the child's dental condition is related to the presence of severe mental or emotional, and/or behavioral problems, disturbances, or dysfunctions, as defined in the current edition of the Diagnostic Statistical Manual. (Exhibit 4: Notice of Action dated [REDACTED])

8. On [REDACTED], 2023, the Appellant requested an appeal review and administrative hearing to contest CTDHP's decision to deny orthodontia services for her child. (Exhibit 5: Request for expedited Administrative Hearing dated [REDACTED])
9. On [REDACTED], 2023, after the Appellant requested an administrative hearing, CTDHP conducted an appeal review of the child's teeth. (Hearing Record)
10. On [REDACTED], 2023, Dr. Vincent Fazzino, DMD, CTDHP's orthodontic consultant, reviewed the x-rays and models that were previously provided by the Treating Orthodontist. Dr. Fazzino conducted the review independently and completed a Preliminary Handicapping Malocclusion Assessment Record, arriving at a score of seventeen (17) points. Dr. Fazzino did not find any evidence of severe irregular placement of the child's teeth within the dental arches and found no irregular growth or development of the child's jaw. (Exhibit 6: Dr. Vincent Fazzino's Malocclusion Severity Assessment dated [REDACTED])
11. On [REDACTED], 2023, CTDHP issued a Determination Letter which outlined that the appeal review upheld the [REDACTED], 2023, denial for prior authorization for orthodontic services. (Exhibit 7: Determination Letter dated [REDACTED])
12. On [REDACTED], 2023, after the administrative hearing, CTDHP submitted an updated Preliminary Handicapping Malocclusion Assessment Record from Dr. Vincent Fazzino, DMD. The only change from the Preliminary Handicapping Malocclusion Assessment Record dated [REDACTED], 2023, was the addition of comments which state: "State guidelines do not permit the scoring of maxillary or mandibular 2nd molars on the Malocclusion Record. Tooth # 18 is a 2nd molar." (Exhibit 9: Dr. Vincent Fazzino's Malocclusion Severity Assessment Record dated [REDACTED])
13. On [REDACTED], 2023, after the administrative hearing, CTDHP submitted a letter from Dr. Robert Gange, DMD, MS, which stated: "While tooth # 18 is impacted, it is not 45 degrees impacted. Forty-five degrees or more is the amount of impaction needed to qualify for treatment under Husky guidelines." (Exhibit 10: Dr. Gange's letter dated [REDACTED])
14. No additional medical documentation was submitted by the Appellant which would substantiate that braces are medically necessary for the child. (Department's testimony, Exhibit 11: CTDHP Email dated [REDACTED])
15. The child has type two diabetes. (Appellant's testimony)
16. The child is currently undergoing treatment for her depression, depressive mood disorder, ADHD, and anxiety. (Appellant's testimony)
17. The child has been hospitalized several times since [REDACTED] 2020 due to her mental health issues. (Appellant's testimony)

18. The child's mental health treatment is not directly related to her dental condition. (Appellant's testimony)
19. The issuance of this decision is timely under Connecticut General Statutes 17b-61(a), which requires that a decision be issued within 90 days of the request for an administrative hearing. The Appellant requested an administrative hearing on [REDACTED] [REDACTED], 2023; therefore, this decision is due no later than [REDACTED], 2023. However, the hearing record was held open [REDACTED] () days, until [REDACTED], 2023, for the Appellant and CTDHP to provide further information. The decision is, therefore, due no later than [REDACTED], 2023. (Hearing Record)

CONCLUSIONS OF LAW

1. Connecticut General Statutes ("Conn. Gen. Stat.") § 17b-2 provides that the Department of Social Services is designated as the state agency for the administration of (6) the Medicaid program pursuant to Title XIX of the Social Security Act.

The Department has the authority to administer the Medicaid program.

2. Regulations of Connecticut State Agencies ("Regs., Conn. State Agencies") 17-134d-35(a) provides that orthodontic services provided for individuals less than 21 years of age will be paid for when (1) provided by a qualified dentist; and (2) deemed medically necessary as described in these regulations.

The Department has the authority to determine eligibility for payment of orthodontic services provided for individuals under 21 years of age.

3. Conn. Gen. Stat. §17b-282e provides that the Department of Social Services shall cover orthodontic services for a Medicaid recipient less than twenty-one years of age when the Salzmann Handicapping Malocclusion Index indicates a correctly scored assessment for the recipient of twenty-six points or greater, subject to prior authorization requirements. If a recipient's score on the Salzmann Handicapping Malocclusion Index is less than twenty-six points, the Department of Social Services shall consider additional substantive information when determining the need for orthodontic services, including (1) documentation of the presence of other severe deviations affecting the oral-facial structures; and (2) the presence of severe mental, emotional or behavioral problems or disturbances, as defined in the most current edition of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association, that affects the individual's daily functioning.

Regs., Conn. State Agencies §17-134d-35(e) provides when an eligible recipient is determined to have a malocclusion, the attending dentist should refer the recipient to a qualified dentist for the preliminary examination of the degree of malocclusion. (2) If the total score is less than twenty-six (26) points the Department shall consider additional information of a substantial nature about the presence of severe mental, emotional, and/or behavior problems, disturbances, or dysfunctions, as defined in the most current edition of the Diagnostic Statistical Manual of the American Psychiatric Association, and which may be caused by the recipient's daily functioning. The department will only consider cases where a diagnostic evaluation has been performed by a licensed psychiatrist or a licensed psychologist who has accordingly limited his or her practice to child psychiatry or child psychology. The evaluation must be clear and substantially document how the dentofacial deformity is related to the child's mental, emotional, and/or behavior problems and that orthodontic treatment is necessary and, in this case, will significantly ameliorate the problems. (3) A recipient who becomes Medicaid eligible and is already receiving orthodontic treatment must demonstrate that the need for service requirements specified in subsections (e) (1) and (2) of these regulations was met before orthodontic treatment commenced, meaning that before the onset of treatment the recipient would have met the need for services requirements.

Regs., Conn. State Agencies §17-134d-35(f) provides that the study models submitted for prior authorization must clearly show the occlusal deviations and support the total point score of the preliminary assessment.

CTDHP correctly determined that the diagnostic models and x-rays submitted by the Treating Orthodontist for prior authorization do not support a score of twenty-six (26) points or greater on the Salzmann Handicapping Malocclusion Index.

CTDHP correctly determined that there was no additional substantial information submitted regarding the presence of severe deviations affecting the child's mouth and underlying structures.

CTDHP correctly determined that there was no evidence submitted that the child is undergoing treatment by a licensed child psychologist or psychiatrist related to any mental, emotional, and/or behavioral problems and that orthodontic treatment is necessary and would significantly ameliorate the problems.

4. Conn. Gen. Stat. §17b-259b provides (a) For purposes of the administration of the medical assistance programs by the Department of Social Services, "medically necessary" and "medical necessity" mean those health services required to prevent, identify, diagnose, treat, rehabilitate or ameliorate an individual's medical condition, including mental illness, or its effects, in order to attain or maintain the individual's achievable health and independent functioning provided such services are: (1) Consistent with generally-accepted standards of medical practice that are defined as standards that are based on (A) credible scientific evidence published in peer-reviewed medical literature that is generally recognized by the relevant medical community, (B) recommendations of a physician-specialty society, (C) the views of physicians practicing in relevant clinical areas, and (D) any other relevant factors; (2) clinically appropriate in terms of type, frequency, timing, site, extent and duration and considered effective for the individual's illness, injury or disease; (3) not primarily for the convenience of the individual, the individual's health care provider or other health care providers; (4) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the individual's illness, injury or disease; and (5) based on an assessment of the individual and his or her medical condition.

CTDHP correctly determined that the child did not meet the criteria under state statute; therefore, orthodontic treatment is not medically necessary.

5. Conn. Gen. Stat. § 17b-259b(c) provides that upon denial of a request for authorization of services based on medical necessity, the individual shall be notified that, upon request, the Department of Social Services shall provide a copy of the specific guideline or criteria, or portion thereof, other than the medical necessity definition provided in subsection (a) of this section, that was considered by the department or an entity acting on behalf of the department in making the determination of medical necessity.

CTDHP correctly notified the Appellant via the [REDACTED], 2023, NOA that she could request a copy of the specific guideline or criteria that were considered in making the determination of medical necessity.

The Department, through CTDHP, was correct in its denial of prior authorization for braces, as the child's condition does not meet the statutory definition of medical necessity.

DECISION

The Appellant's appeal is **DENIED**.

Joseph Davey
Administrative Hearing Officer

Cc: Rita LaRosa, CTDHP, rita.larosa@ctdhp.com
Magdalena Carter, CTDHP, magdalena.carter@ctdhp.com

RIGHT TO REQUEST RECONSIDERATION

The appellant has the right to file a written reconsideration request within **(15)** days of the mailing date of the decision on the grounds there was an error of fact, law, and new evidence has been discovered, or other good cause exists. If the request for reconsideration is granted, the appellant will be notified within **(25)** days of the requested date. No response within **(25)** days means that the request for reconsideration has been denied. The right to request a reconsideration is based on §4-181a (a) of the Connecticut General Statutes.

Reconsideration requests should include specific grounds for the request: for example, indicate what error of fact or law, what new evidence, or what other good cause exists.

Reconsideration requests should be sent to the Department of Social Services, Director, Office of Administrative Hearings and Appeals, 55 Farmington Avenue, Hartford, CT 06105-3725.

RIGHT TO APPEAL

The appellant has the right to appeal this decision to the Superior Court within **(45)** days of the mailing of this decision, or **(45)** days after the agency denies a petition for reconsideration of this decision if the petition for reconsideration was filed timely with the Department. The right to appeal is based on §4-183 of the Connecticut General Statutes. To appeal, a petition must be filed at Superior Court. A copy of the petition must be served upon the Office of the Attorney General, 165 Capitol Avenue, Hartford, CT 06106, or the Commissioner of the Department of Social Services, 55 Farmington Avenue, Hartford, CT 06105-3725. A copy of the petition must also be served to all parties to the hearing.

The 45-day appeal period may be extended in certain instances if there is good cause. The extension request must be filed with the Commissioner of the Department of Social Services in writing no later than **(90)** days from the mailing of the decision. Good cause circumstances are evaluated by the Commissioner or the Commissioner's designee following §17b-61 of the Connecticut General Statutes. The Agency's decision to grant an extension is final and is not subject to review or appeal.

The appeal should be filed with the clerk of the Superior Court in the Judicial District of New Britain or the Judicial District in which the appellant resides.
